THE BETTER BUNGEE™

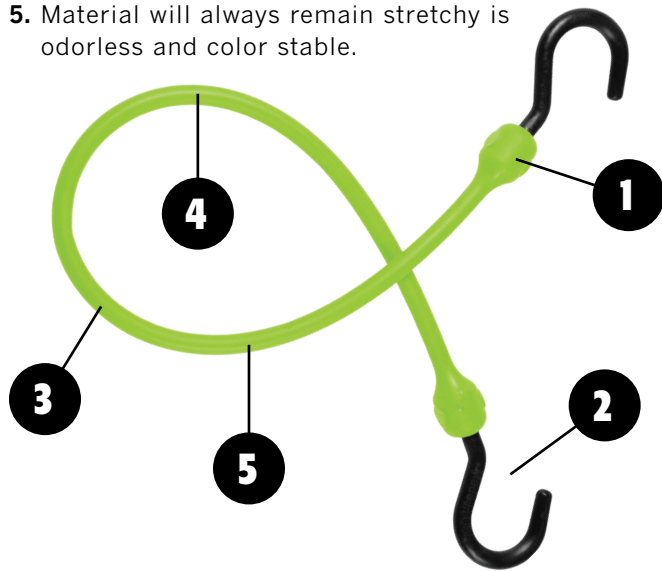

SAFER, STRONGER, BETTER

★ **MADE IN THE USA** ★

The Better Bungee™ carries a complete line of bungee cords, straps and bulk stretch cord made to withstand the toughest of environments. Our Bungees are safer, stronger and more durable than any other product on the market. The material is high tech, light weight and super strong. They will perform under extreme conditions such as Hot and Cold temperature variations, exposure to UV, water, saltwater, gasoline, diesel fuel, oil, hydraulic fluids even most household chemicals. High quality heavy duty hook ends complete our bungees. The heavy duty nylon hook ends are over-molded into our material and will not pull out. The Galvanized and Stainless hook ends are triangular in shape; they will not fall off and will safely remain on the straps. Our stretch cord, strapping and patented adjustable hook ends are perfect for creating custom bungee cord lengths. The Better Bungee™ products are made in the USA, carry a lifetime warranty and safely stretch up to twice the original length.

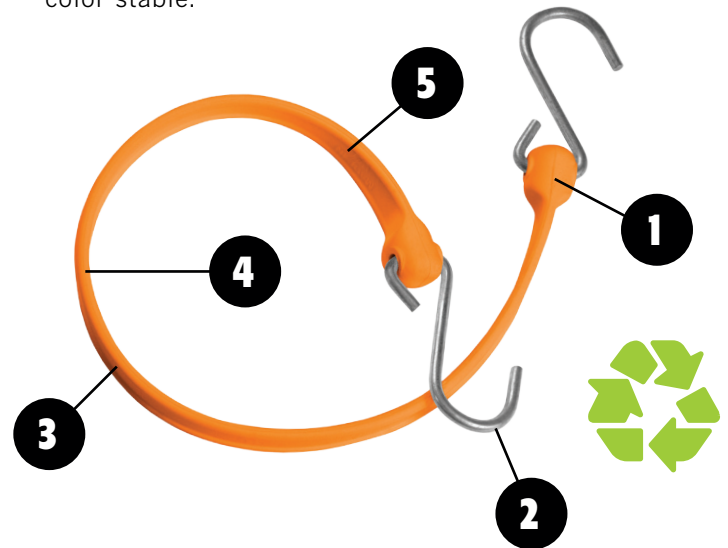

THE BETTER BUNGEE™ CORD

1. Over-molded hook ends - will not pull out.
2. Heavy duty nylon hook ends - break rating 180 pounds.
3. Solid core, high tech, ultra light super strong material.
4. Material will not break or become brittle.
5. Material will always remain stretchy is odorless and color stable.

THE BETTER BUNGEE™ STRAP

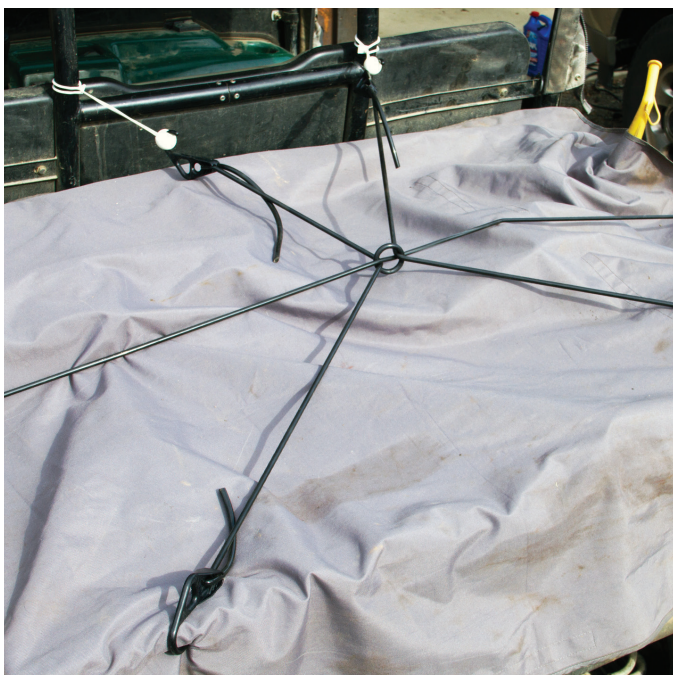

1. Triangular shaped S hook - will not fall off.
2. Strong Galvanized or Stainless Steel hook ends - break rating 250 lb.
3. Specially designed high tech, ultra light super strong material.
4. Material will not break or become brittle.
5. Material will always remain stretchy is odorless and color stable.

OTHER BUNGEEES...

(shock cord, rubber and other polyurethane)

- Become brittle and break when exposed to UV and water.
- Have an odor.
- Degrade when exposed to fuels, oils, and other chemicals.
- Won't stretch or break in colder temps.
- Develop mold and mildew.
- Shock cord is cloth covered rubber bands that quickly loses stretch.
