

LK® BOPP Wrapping Sheets

- Available in six sizes.
- Flat packed in dispenser carton.
- Excellent for wrapping sandwiches.
- Offer exceptional clarity for product presentation.
- Strong, durable, and flexible.
- Meet FDA requirements for food contact.

Bi-axially Oriented Polypropylene (BOPP) wrapping sheets are ideal for wrapping foods such as sandwiches, wraps, and subs as well as other items such as candies and flowers. Since they are made from durable polypropylene, they offer exceptional clarity that will help their food contents appear more appetizing and fresh. BOPP wrapping sheets are strong and flexible and, of course, they adhere to FDA requirements for food contact.

ADVANTAGES OVER HINGED LID CONTAINERS:

- Significant cost savings over hinged containers
- Take up less space in grab and go case
- Generate less trash for greater sustainability

HINGED LID CONTAINER

BOPP WRAPPING SHEET

ADVANTAGES OVER FILM WRAP:

- Better clarity makes product look more appealing
- Polypropylene film can help products last longer
