

# BLUETOOTH® ACCESSORY KIT FOR CLP RADIOS

PUT YOUR BEST IMAGE FORWARD WIRELESSLY

Whether you're checking in a guest or checking on inventory, the image you project is integral to your success. It can turn customer interactions into sales and customer service into satisfaction. Now the **CLP Bluetooth Accessory Kit** for Motorola CLP radios completes the picture of professionalism.

We asked our customers what they wanted in a Bluetooth accessory portfolio. Make it look different from consumer earpieces, they said. Ensure it stays on either ear and is easy to bend to fit your ear. Make it comfortable and light to wear for long shifts. Limit wires so they don't get in the way. Let us share one pod, but give each employee a low-cost earpiece. CLP Bluetooth Accessory Kit is specifically designed to meet all these user needs.

## PROFESSIONAL STYLING

From its discreet styling to flexible use, we designed the CLP Bluetooth Accessory Kit to look business-professional and support the busiest days. In particular, HKLN4514 has a boom microphone so there is no need to move the microphone close to your mouth every time you speak. Both earpieces are designed to keep it securely in place and project a professional image to your customers.

## PERFORMANCE YOU CAN COUNT ON

Unlike consumer Bluetooth devices, the Bluetooth Accessory Kit delivers 8 hours of battery life\* and clear communication even in noisy environments. Earpieces are designed to only work with business two-way radios and to rapidly pair each time you use them. Plus, the pod features antimicrobial material to help prevent bacteria and mold from growing on its surface.

## COMFORTABLE TO WEAR AND SHARE

Simply clip on the Bluetooth pod, connect an earpiece and wear over either ear. It's comfortable for 8-hour shifts with limited wires that won't tangle. Since it is inexpensive and easily replaced, employees can share one pod and have individual earpieces on different shifts. With two earpiece options, you can customize to your needs.

## ALL THE BENEFITS TO SUPPORT BUSINESS

- Professional look
- Comfortable fit for long shifts
- Wear over either ear
- Bend the earpiece to fit your ear with the flexible fit option (HKLN4514)
- Share one Bluetooth pod and have individual earpieces for easy, hygienic sharing between employees
- In-ear adapter blocks out background noise when using in high noise (HKLN4514)
- Keeps pairing history so earpiece re-connects quickly each time you power up the radio
- Compact charging cradle charges the Bluetooth pod quickly and easily, up to 8 hours of battery life
- Pod features antimicrobial material; ideal for health care and restaurants

HKLN4513 - Swivel earpiece with in-line microphone

HKLN4514 - Flexible-fit swivel earpiece with boom microphone

AC000055A01 - High noise in-ear adapter for boom microphone earpiece

HKLN4512 - Bluetooth pod  
*Adjust volume with the power button*

HKLN4509 - Charging cradle with plug-in power supply  
*Charges the Bluetooth pod only, not the radio*

HKLN4508 - Charging cradle adapter for CLP multi-unit charger

## THE CLP BLUETOOTH ACCESSORY KIT

### BLUETOOTH SPECIFICATION

Version	Supports Bluetooth 2.1 + EDR specification
Profiles Supported	Bluetooth Headset Profile (HSP) v1.2 (audio gateway)
Bluetooth Range	Class 2, 10 meters

### SWIVEL EARPIECE WITH IN-LINE MICROPHONE

Part number	HKLN4513
Physical Dimensions	53.0 x 41.4 x 13.6 mm (without cable)
Weight	11 ± 1 gram

### FLEXIBLE-FIT SWIVEL EARPIECE WITH BOOM MICROPHONE

Part number	HKLN4514
Physical Dimensions	91.1 x 64.3 x 23.9 mm (without cable)
Weight	15 grams

### BLUETOOTH POD

Part Number	HKLN4512
Physical Dimensions	43.8 x 32.0 x 11.5 (without clip) / 16.2 (with clip) mm
Weight	18 ± 2 grams including battery
Environmental	Operating Temperature Range: -20C to +60C Storage Temperature Range: -40C to +85C
Talk time	8 hours*
Charging options	Rechargeable battery charges in Charging cradle with plug-in power supply (HKLN4509) or in Adapter for CLP multi-unit charger (HKLN4508)
