

DURATHERM[®]
Induction Charger

Experience the trusted quality and reliability you've come to expect from Dinex with the DuraTherm Induction Charger.

Features & Benefits

- **Long Hold Time** - Base holds the food temperature for 75 to 90 minutes above 140°F *
- **User Friendly** - Simple to understand; charges in 15 seconds; automatic base detection
- **Plastic Top for Easy Cleaning** - Minimizes dust attraction
- **Completely Sealed** - Zero exposed electrical components
- **Safe** - Base remains cool to the touch, even after charging
- **Power Off Feature** - Automatically shuts off preventing overheating
- **Smart Microprocessor** - Reads bases and monitors charging cycles for consistent temperature every time

*Requires a hot plate and food at 170°F once plated

Built-in RFID tag relays information to the charger to get consistent and accurate temperatures every time—protects the base from over-heating

Internal phase changing material requires lower energy input to hold temperatures longer

Onyx(03)	Latte(31)	Graphite Grey(44)	Dark Blue(50)
Cranberry(61)	Sage(84)		
SKU	Description	Color Variations	Pack
DX1411 Δ	Base for DuraTherm [®] Induction Charger	03, 31, 44, 50, 61, 84	12 ea

Δ More than one color option available

Three guide rails prevent bases from slipping off and ensure a complete charge is achieved

Smallest, most compact induction unit in the industry

Charge up to 4 bases per minute or (208V) 3-Phase outlet

LCD display tracks charging progress

Smart Microprocessor – Reads bases and monitors charging cycles for consistent temperature every time

Charges DX1411 bases in 15 seconds with for a 75 to 90 minute hold time

Charges DX8210 bases (Smart•Therm[®]) in 10 seconds for up to a 60-minute hold time
