

A photograph of a modern building entrance with large glass doors. Inside, a dark grey carpet tile with a broken diagonal pattern is being installed. A white arrow points left, and a green arrow points right, indicating the direction of installation. The text 'REPP-TILE' is overlaid in large white letters.

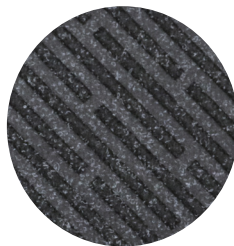

REPP-TILE

Entrance Carpet Tile • Indoor

REPP-Tile™ is a high-performance, eco-friendly entryway carpet tile made from recycled PET, offering exceptional durability, stain resistance, and fade resistance.

- **Eco-Friendly** – Made from 100% recycled PET materials, REPP-Tile can be recycled again and again, ensuring a sustainable closed-loop lifecycle.
- **Fade Resistant** – Designed to maintain its vibrant appearance, REPP-Tile withstands high traffic and harsh conditions without fading.
- **Stain Resistant** – PET is naturally stain resistant, making it easy to remove stains from the carpet tile.
- **Safe** – REPP-Tile's robust construction and secure installation option ensures a safe and stable surface for all users.
- Available in Broken Diagonal pattern in Anthracite color.
- Tiles are easy to install with TacFast tape (item #984 sold separately).
- Worn or damaged tiles can be easily replaced.

Anthracite

Colors may vary due to inconsistencies of various display monitors or printers (if you're viewing a printed version of this document).
