room360®

FOH
FRONT OF THE HOUSE®

Born from a vision to create a high-performance material while reclaiming plastic waste from waterways, **re.WARE®** gives recycled **PET bottles** a **second life** and a purpose that supports our planet.

re.WARE® **resists** fading, cracking, warping, and staining, even with rigorous commercial washing, delivering lasting durability without compromise. **re.WARE®** PET is the most widely recyclable plastic and can be **easily recycled** at the end of its service life, ensuring its journey contributes to a smaller waste footprint.

LIFE CYCLE

A large, dark teal spiral graphic that winds downwards, representing the life cycle of re.WARE PET. The spiral is composed of four distinct sections, each with a different background image: a blue plastic bottle, white PET pellets, a white PET bowl, and a satellite view of the Earth. The text "LIFE CYCLE" is written in white, uppercase letters on the first section.

FROM PLASTIC BOTTLES

The second section of the spiral features a background image of a blue plastic bottle with water droplets on its surface. The text "FROM PLASTIC BOTTLES" is written in white, uppercase letters on this section.

TO PELLETS

The third section of the spiral features a background image of white PET pellets. The text "TO PELLETS" is written in white, uppercase letters on this section.

INTO NEW PRODUCTS

The fourth section of the spiral features a background image of a white PET bowl. The text "INTO NEW PRODUCTS" is written in white, uppercase letters on this section.

After use, **re.WARE®** is
recyclable under category #1.

RECYCLED & RECYCLABLE | BPA, PHTHALATE, & PFAS-FREE
FADE, CRACK, WARP, AND STAIN-RESISTANT | DISHWASHER SAFE
