

# CHAISE BUYER'S GUIDE

## Which do you choose?

### Sunset

Perfect for: Upscale resorts, luxury pool decks, and high-humidity coastal areas

- ▶ Elegant, metal-like design resists corrosion and antimicrobial quick-dry fabric that withstands mildew.
- ▶ Great for flat surfaces like pool decks and patios; wheels assist with storage.
- ▶ Modern look, relaxing comfort, and high U.V. protection requires minimal upkeep.

→ *The designer's choice for sophisticated spaces where aesthetics and comfort matter most.*

**Sunset Comfort**  
75.5" x 30" x 16" | 41.1 lbs

**Sunset**  
75.5" x 30" x 15" | 38.3 lbs

### Jamaica Beach + Java

Perfect for: Elevated commercial properties in coastal and sunny areas

- ▶ Cost efficient durability with a colorful variety of mildew-resistant slings; great for resorts, hotels, and beachfront rentals needing volume.
- ▶ Good for hard surfaces; stackable and mobile, and easy access without arms.
- ▶ Solid balance of price, comfort, and performance in salt, sun, and water.

→ *The practical choice for high-volume properties balancing style and budget.*

**Jamaica Beach**  
73.5" x 27.5" x 15" | 25.6 lbs

**Java**  
73.5" x 27.5" x 15" | 26.1 lbs

## Nautical + Nautical Pro

Perfect for: High-traffic commercial pools or properties needing recline options

- ▶ Heavy duty slings and fully flat recline (in Pro model) suit users who want to sunbathe, nap or read. Strong frames resist wear and harsh pool chemicals.
- ▶ Flat feet work great on concrete or tile decks, and the nylon glides add extra wear resistance without marking surfaces.
- ▶ “Memory” sling and elastic cordage enable excellent recovery and shape retention.

**Nautical Pro**  
78" x 28.9" x 14.8" | 32.0 lbs

**Nautical**  
76" x 28.8" x 14.5" | 30.0 lbs

→ *The powerhouse chaise for intensive use and all-day relaxation.*

**Marina**  
78" x 31.4" x 13.8" | 31.0 lbs

**Catalina**  
78" x 30" x 13.9" | 32.0 lbs

Perfect for: General-purpose hospitality use, from hotels to community pools

- ▶ Versatile, multi-position recline, replaceable slings, and easy storage.
- ▶ Stand-out model for solid surfaces, yet beach-ready; easy to move and stack.
- ▶ Solid one-piece molded frame makes for reliable, low-maintenance, and storage efficiency.

→ *The all-around performer for broad hospitality use.*

## Marina + Catalina

## Bahia

Perfect for: Water parks, cruise ships, and extreme environments

- ▶ Budget-conscious longevity with safety features intended for heavy-use.
- ▶ Resin slat build and reinforced frame withstands rough use, harsh sun, salty and wet environments.
- ▶ Works well on all surfaces including sand, grass, or poolside due to wide, stable feet and mobility wheels.

**Bahia**  
74.8" x 26.6" x 11.4" | 24.2 lbs

→ *The dependable choice for high-volume environments where safety, endurance, and easy upkeep are most important.*
