

# HSM PET CP 4988

## Crusher press combination

### Powerful compression makes compact PET/UBC bales!

- Low space requirement
- Easy to operate
- Large loading hopper
- The drainage system controls the discharge of residual fluid
- 2000 bottle capacity (1 liter bottles)
- Results in a compact PET bale

HSM part#	HSM6577
Motor in Horsepower at maximum output	Crusher 2.95 hp Press 5.36 hp
Voltage/Frequency	3 x 220V / 60 Hz
Pressing Power	11 tons
Working Width	19.29"
Loading Height	59.5"
Bale Size (W x H x L)	19.67" x 19.67" x 47.2"
Bale Weight	220 lbs
Throughput per hour	Up to 4000 PET bottles (1 liter)
Machine Dimensions (H x W x D)	70.87" x 37.4" x 145.3"
Machine Weight	2535 lbs

All technical specifications are approximate values. Technical and design modifications reserved.
