

# ERGONOMIC FOOTRESTS

## Sit/Stand/Perch Footrest

- Use while sitting, standing, or perching. Ideal for Standing Desks and Perching Chairs.
- Simple "flip" motion converts footrest from sitting to standing/perching function
- While sitting, curved design allows for rocking motion to increase circulation and exercise leg muscles
- While standing/perching, multiple rung heights allow for most comfortable leg support
- Rubberized base keeps footrest in place and protects floor surface
- Heavy duty steel construction with foam padding for comfort

**FR915** Black/Grey

**Support  
rotates 360°**

## Tilting Bar Footrest

- Sleek and compact design - great for all desks & cubicles
- Simple foot action adjusts tilt smoothly and easily
- Support bar with ribbed surface massages tired feet
- Non skid rubber surface

**FR870** Black

## Premium Adjustable Footrest with Rollers

- Three level adjustable height
- Ergonomic design supports your legs at the most comfortable height and tilt
- Rollers and surface bumps massage feet and improve circulation
- Simple foot action adjusts tilt smoothly and quietly

**FR750** Black

## Professional Adjustable Footrest

- Foot-adjustable easy-glide platform rocks your feet and adjusts tilt angle
- Four height positions
- Adjusts smoothly and quietly
- Large platform with surface bumps to massage tired feet
- Ergonomic design enhances comfort and relieves strain
