

## Lug Carts, Dollies, and Tubs

What

### Lug Carts and Dollies

are mobile platforms designed to efficiently transport a large volume of material at once.

Who

Industrial settings, small parts manufacturing, assembly lines, agriculture, meat processors, and food manufacturing are some of the industries that use **Lug Carts and Dollies**.

How

Used for moving parts, tools, or other materials around a warehouse or workshop. Used in food service to transport heavy containers like meat lugs, seafood on ice, or other food storage bins. Useful for moving ingredients from storage areas to prep stations or loading display cases.

## Did You Know?

**New Age Industrial Lug Carts & Dollies offer capacities from 1-to-24 lugs, with custom options available.**

# Types of

# LUG TUBS, LIDS & STORAGE DOLLIES

## Lug Storage Dollies

- Holds, stores, and transports lug tubs.
- Lug tubs can be nested inside each other or stacked on dollies (face down or cross-stacked).
- One-piece sheet design with lips for lug tub containment.
- Open corners for easy cleaning.

## Lug Tubs & Lids

- Rectangular storage totes with rounded, cross stacking bottoms.
- Made from food-approved molded polyethylene.
- Reinforced lips support up to 50 lbs.
- Stackable design secures stacking of multiple lugs without product contact.
- Optional lids (sold separately).
