

Authentica

Secure Closure Clean Presentation

The Authentica Collection combines refined design with practical performance for beverage and tabletop presentation. Crafted from bright, high-transparency glass, these bottles showcase contents with clarity while maintaining a clean, polished look. A Safe-Edge rim allows for smooth, controlled pouring, while an air-tight rubber gasket closure helps prevent leaks and preserve freshness. Finished with a durable stainless-steel clamp that resists rust over time, Authentica is designed to support repeated use and dependable performance in demanding hospitality environments.

Thermic

A Layer of Brilliance

Experience drinks and foods at their perfect temperature with the double-wall construction of Thermic. Innovative borosilicate construction keeps hot hot and cold cold, while preventing condensation for a clean, elegant presentation. Italian-designed and thoughtfully crafted, these stackable bowls combine modern style with practical ingenuity, bringing sophistication and functionality to every table.
