

A close-up photograph of a hand gripping a black plastic handle attached to a metal wire shelving unit. The hand is pulling the handle, which is positioned against a large, brown cardboard box. The shelving unit consists of multiple horizontal metal bars. The background shows more of the shelving unit and a window with a grid pattern, suggesting a warehouse or storage area.

*Casters: SMP and 5MPB (with locking brake) feature a polyurethane tread.
5PC and 5PCB (with locking brake) casters feature a polymer horn and resist rusting. They are recommended for high-moisture environments.

SlideSecure SPACE SAVING DOOR

Perfect for high traffic or cramped areas.
Plus, SlideSecure can also be integrated into
our high-density track systems.

**Easier access without doors
obstructing each other...even in
a track application.**

Mobile (Continued)

Stainless Steel: Casters must be ordered separately on “-SD” models.

Note: To calculate the actual height of the unit using plate casters: 62" [1575mm] + .25" [6mm] for dolly + load height of the caster (See page 63 for caster specifications).
CAUTION: Large casters can create a tipping hazard. On 18" (457mm) security units, do not use casters larger than 5" (127mm) in diameter.

Heavy-duty stainless steel models include staked posts for use with standard Metro dollies. Dolly bases and plate casters must be ordered separately.

Super Erecta Security Modules

Convert a standard 24" (610mm) wide unit into a security module with this convenient kit.

- Used to enclose one or more areas of a unit. Fits between shelves spaced 20" (510mm) apart on any Super Erecta Shelving unit.
- Adapts to 24" (610mm) wide shelves in 30," 48" and 60" (760, 1219 and 1524mm) lengths.

Width/Length (in.) (mm)		Height (in.) (mm)		Cat. No. Chrome	Cat. No. Stainless Steel

24x60	610x1524	20	510	SECM2460NC	*

Note: Security Module consists of side panels, back panels and door. Posts and shelves sold separately, see page 48. When multiple security modules are stacked on one shelving unit, separate top and bottom shelves are still necessary for each module. Security modules must be used with Super Erecta Shelf wire shelves.

Posts and shelves
sold separately

MetroMax Security Units — {14.01}

Corrosion-Resistant Safe Storage: Protects valuable materials and sensitive items from loss or pilferage.

- Standard Units consist of taupe epoxy-coated top and bottom wire shelves, tri-lobal steel posts, wire enclosures, and doors. Casters and bumpers are included with mobile units. Intermediate shelves are sold separately.
