**FEEDING THE WORLD'S
CHEESESTEAK CRAZE
FOR OVER 35 YEARS**

IS THE CHEESESTEAK A SANDWICH?

Well, is the Super Bowl a game? Is Independence Hall a building?

The cheesesteak's an experience. An attitude. In-your-face—literally and figuratively. And it's personal—inspiring endless dialogue and debate. Sliced or chopped. Whiz versus American. Mustard, are you kiddin'? And, Yeah, I'm gonna finish it!

Yes, the cheesesteak is an institution. A cultural obsession whose popularity keeps climbing. And since day one, the identity of the cheesesteak has been exclusively and undeniably linked to a single point of origin: the city of Philadelphia.

And while Philly is cheesesteak provenance, it is no longer just a local delicacy. It's a global phenomenon. A magical indulgence. And for many, it's a ritual—a tried-and-true feast that says, "Game on!"

**SANDWICH!?
WHO YOU CALLIN'
SANDWICH?**

*So, about
Original Philly...*

GAME CHANGERS

Original Philly Cheesesteak Company opened for business in 1981. Some 50 years after the discovery of the “steak sandwich,” we solved a critical inefficiency for local steak joints.

Our original idea of supplying restaurants, pizza and sub shops, delis, and concessions with the cheesesteak’s core ingredient—crafting the perfect steak slices for their creations while saving them serious time, money, and hassle—has helped turbo-charge global growth of the cheesesteak, transforming the food service industry along the way.

“The Philadelphia Steak Sandwich will someday be as popular and frequently ordered as the hamburger, and Original Philly Cheesesteak Company will be one of the reasons why.”

— Co-founder Nicholas Karamatsoukas

You better believe Original Philly was consulted when the author was writing this authoritative guide!

FROM HUMBLE BEGINNINGS...

Original Philly carved out early success based on exceptional quality and dependability—core values instilled by our company’s founders.

Today, we operate two plants in Northeast Philly totaling well over 120,000 square feet. Between them, we craft enough raw and fully-cooked steak each day to make a cheesesteak that would stretch from South Philly to Atlantic City.

Original Philly is everywhere. From major restaurant chains to theme parks, schools, hospitals, and wholesale clubs.

Even Philly’s fanatical pro sports franchises and venues proudly serve our steaks. We’re the meat of choice at your neighborhood sub shops, delis, pizzerias, and bars, too—including many of our hometown’s classic steak joints.

While significantly increasing our output throughout the years to serve customers all over the world, we remain committed to precision craftsmanship and end-to-end excellence—from the finest quality meats and ingredients, to safe and clean facilities, advanced equipment, highly-trained staff, and finely tuned procedures.
