

# Bulk Countertop Condiment Pumps

With metered dispensing of condiments, these ServSense™ pumps reduce wasted product through controlled portioning. ServSense™ pumps are a professional solution for your establishment, designed for high-volume use.

- 1-gallon container, #10 can, or about 3.7 quarts of space available for direct pour in included inset
- Non-skid feet keep it in place and prevent it from scratching the countertop
- Reduces wasted product through dispensing of 1 oz. portions
- Perfect for condiments such as ketchup, mustard, and barbecue sauce
