Heat water smarter with the Eccotemp Smart Home 4.0 GPM Indoor Gas Tankless Water Heater. Use the Eccotemp app to control and monitor your water heater from anywhere. Connect with Amazon Alexa and Google Home for easy voice commands. Wake up to a hot shower by saying, "Alexa, set my water heater to 110 degrees."

This Smart Home Tankless Water Heater is not only convenient, but it's also energy efficient. Its advanced heating technology only heats water as it's needed, eliminating standby heat loss and reducing energy waste. Customize your hot water usage to match your lifestyle, while also optimizing energy usage and reducing utility bills.
