

Introducing the Sher-Mitt™

The most effective and versatile sanitation barrier for hands wherever you need it

Bakeries • Cafes • Buffets • C-Stores • Delicatessens • Cruise Lines • Tea Rooms • And More

Command's unique Sher-Mitt® sanitation mitt can be used over a gloved or bare hand as a barrier to prevent cross contamination when handling uncooked meat, baked goods, food prep or any place you need sanitary hand coverage. The convenient dispenser makes slipping on the Sher-Mitt® effortless, and it can be installed at the point of use for easy access.

- Saves time and money over vinyl glove alternatives
- Eliminates cross contamination
- Designed for quick, one time use
- One hand, easy on and off
- Fits on both hands and all sizes - even fits gloves for faster station changes!
- Vertical mount dispenser available #5567

The Sher-Mitt™ is a Perfect Solution For Anywhere You Need Sanitary Hand Coverage

Meat Handling & Food Prep
