

HP SERIES CARTON SEALING TAPES

TECHNICAL SPECIFICATIONS

		Adhesion to Stainless Steel	Thickness	Tensile Strength	Holding Power to Fiberboard	Service Temperature Range	Application Temperature Range
HP 100 [®]	 General purpose grade hot melt packaging tape for sealing lightweight cartons.	 43 oz/in width	1.6 mils	21 lbs/in width	10,000 min	-20 F – 150 F	35 F – 110 F
HP 200 [®]	 Production grade hot melt packaging tape for medium-weight carton sealing.	 44 oz/in width	1.9 mils	27 lbs/in width	15,000 min	-20 F – 150 F	35 F – 110 F
HP 300 [®]	 Performance grade hot melt packaging tape for sealing medium-weight cartons subjected to handling stress.	 50 oz/in width	2.2 mils	30 lbs/in width	25,000 min	-20 F – 150 F	35 F – 110 F
HP 400 [®]	 High performance grade hot melt packaging tape for sealing large, bulky or heavy cartons.	 54 oz/in width	2.5 mils	33 lbs/in width	35,000 min	-20 F – 150 F	35 F – 110 F
HP 500 [®]	 Heavy duty grade hot melt packaging tape for sealing heavy, bulky cartons subjected to high stress or extreme handling.	 58 oz/in width	3.0 mils	42 lbs/in width	45,000 min	-20 F – 150 F	35 F – 110 F
HP 800 [®]	 Strongest, thickest packaging tape in the HP Series line to produce heavy duty carton seals.	 95 oz/in width	3.4 mils	54 lbs/in width	45,000 min	-20 F – 150 F	35 F – 110 F
HP 232 [®]	 Cold environment, production grade hot melt packaging tape for sealing medium-weight cartons.	 30 oz/in width	1.9 mils	27 lbs/in width	10,000 min	-20 F – 100 F	20 F – 75 F
HP 235 [®]	 Medium duty hot melt packaging tape for sealing highly recycled cartons, including 100 percent recycled.	 50 oz/in width	2.0 mils	27 lbs/in width	15,000 min	-20 F – 150 F	35 F – 110 F
HP 535 [®]	 Heavy duty grade hot melt packaging tape for sealing highly recycled cartons, including 100 percent recycled.	 62 oz/in width	3.0 mils	42 lbs/in width	45,000 min	-20 F – 150 F	35 F – 110 F
HP 100 [®]	 Light duty hot melt adhesive packaging tape made with 90 percent post-consumer recycled (PCR) rPET film.	 53 oz/in width	1.3 mils	19 lbs/in width	10,000 min	-20 F – 150 F	35 F – 110 F
HP 235 [®]	 Medium duty hot melt packaging tape made with 90 percent post-consumer recycled (PCR) rPET film for use on highly recycled or 100 percent PCW/OCC cartons.	 63 oz/in width	1.75 mils	23 lbs/in width	15,000 min	-20 F – 150 F	35 F – 110 F

HP SERIES CARTON SEALING TAPES

You place high value on uptime. And demand a carton sealing tape that's strong enough to hold and tough enough to endure the rigors of your production, shipping and storage environment. It's why Shurtape[®] engineers its HP Series carton sealing tapes to the highest standards – to keep your lines running at peak production, while delivering the consistent, secure seal you demand. So you can be confident your seal will maintain its hold from the packaging line to its final destination.

Constructed with a unique hot melt adhesive formula, HP Series carton sealing tapes are purpose-built for performance in manual and automated case sealing applications:

- Forms an instant, permanent bond with cartons
- Offers the highest holding power to fiberboard in the industry
- Special release coating for Good to the Core[®] performance and consistent, low-force unwind off the roll
- High-tack synthetic hot melt adhesive featuring Hold Strong[®] technology for a long-lasting, secure seal

Shurtape[®]
 TRUE TO YOUR WORK[®]

HP SERIES CARTON SEALING TAPES

HP 100®

General purpose grade hot melt packaging tape for manual or automated industrial sealing of lightweight cartons with minimal exposure to handling, shipping and load stress. HP 100® is engineered with an aggressive, high-tack adhesive and excellent holding power to keep carton seals intact.

HP 232®

Cold environment, production grade hot melt packaging tape for sealing medium-weight cartons in cold temperature environments, such as food processing and packaging facilities, as well as in cold weather moving/storage and unheated warehouses in cold climates.

HP 235

Specially formulated hot melt packaging tape that offers higher shear, tack and adhesion when sealing medium-weight, highly recycled cartons, particularly 100 percent PCW/OCC cartons.

HP 535

Heavy duty grade hot melt packaging tape for sealing highly recycled cartons, including 100 percent recycled.

HP 200®

Production grade hot melt packaging tape used to create instant closures on medium-weight cartons in everyday manufacturing and shipping environments. Also available in a variety of colors.

HP 300®

Performance grade hot melt packaging tape that offers extra high strength and holding power for manual or automated industrial sealing of medium-weight cartons subjected to increased handling stress.

HP 400®

High performance grade hot melt packaging tape for higher speed, critical closure carton sealing of large, bulky or heavy content cartons. Offers extra high strength and holding power to deliver a secure seal in a variety of manual or automated industrial sealing environments, particularly moderate to severe handling environments.

Helping to drive a circular plastics economy, Shurtape Recycled Series Packaging Tapes are made from 90% Post-Consumer Recycled Polyester, found in PET bottles, and are designed to significantly reduce virgin plastic use in carton sealing operations.

By combining an rPET film-based backing with our tried-and-true high-performance adhesive, these tapes deliver uncompromised adhesive strength and functionality to deliver a case sealing solution with the reliability and performance you demand.

HP 100

Light duty hot melt adhesive packaging tape made with 90 percent post-consumer recycled (PCR) rPET film.

HP 235

Medium duty hot melt packaging tape made with 90 percent post-consumer recycled (PCR) rPET film for use on highly recycled or 100 percent PCW/OCC cartons.

HP 500®

Heavy duty grade hot melt packaging tape for manual or automated industrial sealing of heavy, bulky cartons, including overstuffed or under-filled cartons, in high stress and extreme handling conditions. Designed with extra aggressive quick stick, bonding strength and holding power.

HP 800

Extremely tough hot melt packaging tape used for manual and automated industrial sealing to create heavy duty carton seals to protect high-value items such as military supplies and electronics, as well as for sealing hazardous materials and chemicals. Delivering excellent high-tack adhesion and high abrasion and tear resistance, HP 800 is the strongest, thickest packaging tape available within the HP Series line.

CUSTOM PRINT

Custom-printed to prevent pilferage and allow personalization of outgoing cartons; For manual or automated industrial carton sealing of lightweight to heavy, bulky cartons is minimal to high stress and extreme handling conditions.

Available in a variety of grades, including HP 250, HP 252, HP 255, rHP 255, HP 350, HP 450 and HP 550.

Time to Upgrade Your Tape Applicators?

If you demand packaging equipment that will help you achieve efficiency on the line, as well as produce a quality seal you can rely on...look no further than ShurSEAL®. ShurSEAL Packaging Solutions combine high-quality carton sealing tapes, like Shurtape® HP Series, with innovative tape application technology, which together enhance case sealing operations by:

- Reducing material waste
- Reducing downtime
- Increasing safety
- Increasing content security
- Reducing maintenance costs

This is achieved through unique design features such as carton sealing tape featuring Good to the Core® performance, unmatched wipe-down force that allows for full utilization of the tape's adhesive, and patented Folded Edge® Technology for reinforced strength and a ready-to-open seal.
