

# LIZARD® SAFETY UTILITY KNIFE

Part of our CrewSafe® line of products

## THE STORY

Our Lizard safety utility knife was developed as a safe alternative to standard utility knives, minimizing the occurrence of loose razor blades in the workplace and preventing laceration injuries.

## BENEFITS

- Reduces the medical, legal and lost time costs associated with injuries caused by loose blades in the workplace
- Patented spring activated blade guard protects users by closing after each cut
- Minimizes product contamination

## FEATURES

- Stainless steel blade resists corrosion & breakage
- Manual blade guard lock gives users added protection against laceration injuries
- FDA compliant, food-safe materials
- High visibility color
- Easy to clean, dishwasher & sanitizer safe
- Serial numbering available

Item #LZ-S

TO LOCK: Push blade guard forward until it clicks

### Lanyards Available

- #GS1030 (7.25 in, nylon strap)
- #GS1025 (11.25 in, adhesive disk)

**CAUTION:** Products that provide "cut resistance" and "cut protection" or "puncture resistance" do not prevent or eliminate the potential for cuts or punctures.
