TUF-R® Performance Rated Bags

LOWER COST WITHOUT SACRIFICING PERFORMANCE

Use a lighter gauge TUF-R bag instead of a heavier gauge LDPE bag for real cost savings and lower environmental impact. LK's TUF-R bags perform as well as or better than heavier gauge low density bags thanks to their unique resin blend. Put them to the test today and discover how much money you can save with TUF-R.

TUF-R PERFORMANCE:

- Tuf-R bags have superior strength that allows a lighter gauge TUF-R bag to replace a heavier gauge LDPE bag for cost savings and source reduction.
- TUF-R bags have superior clarity thanks to their unique resin blend.
- Because TUF-R bags are bottom sealed and not side sealed like some competitor's bags, they have the strength you need for your most demanding applications.
- TUF-R bags 15" wide and under are packaged in inner packs of 100 bags each for convenience and cleanliness and to reduce waste.

TUF-R SAVINGS:

	LDPE	TUF-R®	Potential Cost Savings
GUSSET BAGS	0.9 - 1.25 mil	6G or 7G Standard	25% or more
	1.25 - 2 mil	8G Heavy	
FLAT BAGS	1.25 - 1.5 mil	7F Standard	15% or more
	2 - 3 mil	8F Heavy	
	3 - 4 mil	9F Extra Heavy	

Savings results may vary greatly. Customers should test and verify the appropriateness of any packaging material. LK cannot guarantee the performance of any of our products for any specific application. Samples are available upon request.

THE LK ADVANTAGE

The LK Way

LK packaging is second-to-none! Most LK bags 15" wide and under are packaged in individually labelled inner packs for convenience, protection, and to reduce waste.

A Leading Competitor

ASK YOURSELF:

Which of these "identical" products would your customer rather package their products in?

Available through your local distributor
