WORLD® 18/8 COLLECTION

INSPIRED DESIGNS, EXCEPTIONAL DURABILITY

Our 18/8 selection delivers true investment-quality flatware that elevates the way your guests connect to the tabletop experience. Their added weight and strength create the impression of quality from the first touch. Made from type 304 stainless steel, our 18/8 offering features an 8-12% nickel content that gives stainless steel a brighter shine and additional protection against rust and corrosion.

MATCH YOUR STYLE

The right flatware selection can beautifully complement the rest of your tableware presentation – and your venue's overall vibe. We've made it easier to find the ideal style for your presentations by categorizing our offering with the following design types. Just look for the corresponding words under each pattern.
