

NEW FIBER NACHO TRAYS, STADIUM TRAYS AND LINEAR TRAYS

World Centric is proud to bring you these thoughtfully designed new trays to make takeout at sporting events and concerts more sustainable. Made from unbleached plant fiber, these trays are designed to replace polystyrene and plastic trays that create waste and are not recyclable.

New Linear Takeout Containers Coming Fall/Winter 2022

World Centric is excited to introduce a new line of fiber Linear Takeout Containers. Available in three sizes with an optional taco insert, these versatile containers and lids are perfect for takeout meals at restaurants and food courts where a reusable container isn't feasible. More details will be available soon.
