

XSafe

INTRODUCING **XSAFE™ SANITATION SYSTEM**

ENSURES SANITARY OPERATION, IMPROVED CLEANABILITY.

Scotsman

XSafe™ Sanitation System

NEW!

XSafe™ Sanitation System: Retrofit solution now available

Scotsman's sanitation system uses UV-C light to generate a potent mixture of photoplasma, negatively charged ions, and ozone that help destroy viruses, bacteria, and other harmful contaminants. This mixture passes through the food zone of the ice maker, helping protect ice machine surfaces and ice in the bin.

Scotsman

New Product *Release Information*

XSafe™ Sanitation System

- **Product Notes:**

- Installed as a retrofit solution for any Scotsman modular ice machine
- External device sits on top of ice machine
- Field install only
- Estimated install time: 45-60 minutes

Unit Dimensions (W x D x H)	Model Number	Description	Shipping Weight lb/kg
 12" x 4 1/4" x 2 1/4" 30.5 x 10.8 x 5.7 cm	XSafe™ Sanitation System	Sanitation system for helping eliminate viruses, bacteria and slime. Compatible with all modular units.	10/5
	XR-30		

Scotsman®

XSafe™ Sanitation System: *Overview*

XR-30

- ✓ Helps reduce cleaning costs
- ✓ Enhances sanitary operation

Replacement Bulb: SCBULBXR30

Input Voltage: 100-240V

Input Frequency: 50/60Hz

Output Voltage: 12V DC

Amperage: 0.8 Amp

Electrical Consumption: 9.6W

Dimensions: 11.9" x 4.25" x 2.05"

(W x D x H)

Can be installed as a retrofit solution
for any Scotsman modular ice machine

Scotsman

XSafe™ Sanitation System: *The Science*

How It Works

Ozone and other oxidants (photoplasma) are generated in the air after passing through a powerful UV-C lamp; A small fan circulates the photoplasma throughout the ice machine/bin

- Helps sanitize the air and surfaces within the ice machine/bin
- Completely automated and chemical-free cleaning system

Scotsman

XSafe™ Sanitation System: *The Benefits*

Features & Benefits

Food Safety – Ice is FOOD!

- Defends against viruses, bacteria, and fungi
- Helps prevent the formation of slime, mold, and yeast
- Consistent coverage of natural, chemical-free ozone (O₃)
- Guards against health code infractions

Easier, Lower Cost Cleanings

- Frequency of cleanings can be reduced
- Effective in hard-to-reach areas, which may reduce manual cleaning time
- Keeps the food zone and bin cleaner longer
- Makes wipe downs easier and faster

Extend & Improve Machine Performance

- The lifetime operation of the ice machine can be extended
- A cleaner machine can enhance performance and efficiency

Scotsman

XSafe™ Sanitation System: *Operation*

Easy, Intuitive Operation

Installation Overview

- Can be retrofitted on existing units already in use
- Compatible with any Scotsman modular ice machine
- Easy install, typically requires less time than a full cleaning
 - XSafe™ unit placed on top of ice head with vented air flow to circulate sanitized ozone throughout the ice machine/bin

Operational Status Indicator Lights

- 3 tiers of light signals keep operators informed of status
- Replace bulb light eliminates guesswork
 - Replacement Bulb Part Number: *SCBULBXR30*
