

Qwik Jon® Sewage Removal Series®

Economical sewage systems designed for free-standing or built-in installation.

- Allows you to add a bathroom in previously unplumbed locations
- Choose an easy install as a freestanding unit or as a discrete installation behind the wall
- Non-clogging vortex impeller for reliable operation
- Collects used water from all fixtures including sinks, faucets, tubs, showers, and more
- Automatic reset protects the pump from thermal overload
- No gravity drain required
- Smooth surface for easy cleaning

Qwik Jon® ULTIMA

SPECIFICATIONS:

- Powerful 1/2 HP grinder pump
- 1" NPT discharge (can reduce down to 3/4")
- Engineered to never need cleaning and to remain maintenance-free
- Discharge can be oriented in any direction
- Cutter assembly of hardened steel
- Thermally protected motor
- Available with right or left hand flush

U.S. Patent Nos. 7,203,976; 8,562,287; 9,352,327
Canadian Patent No. 2,512,023;

For more information, see Technical Data Sheet FM2800.
