# BURNSIDE

GRAPHIC PANEL
// 292-SIGN-GF

Use to mount graphics to the Burnside Wall System
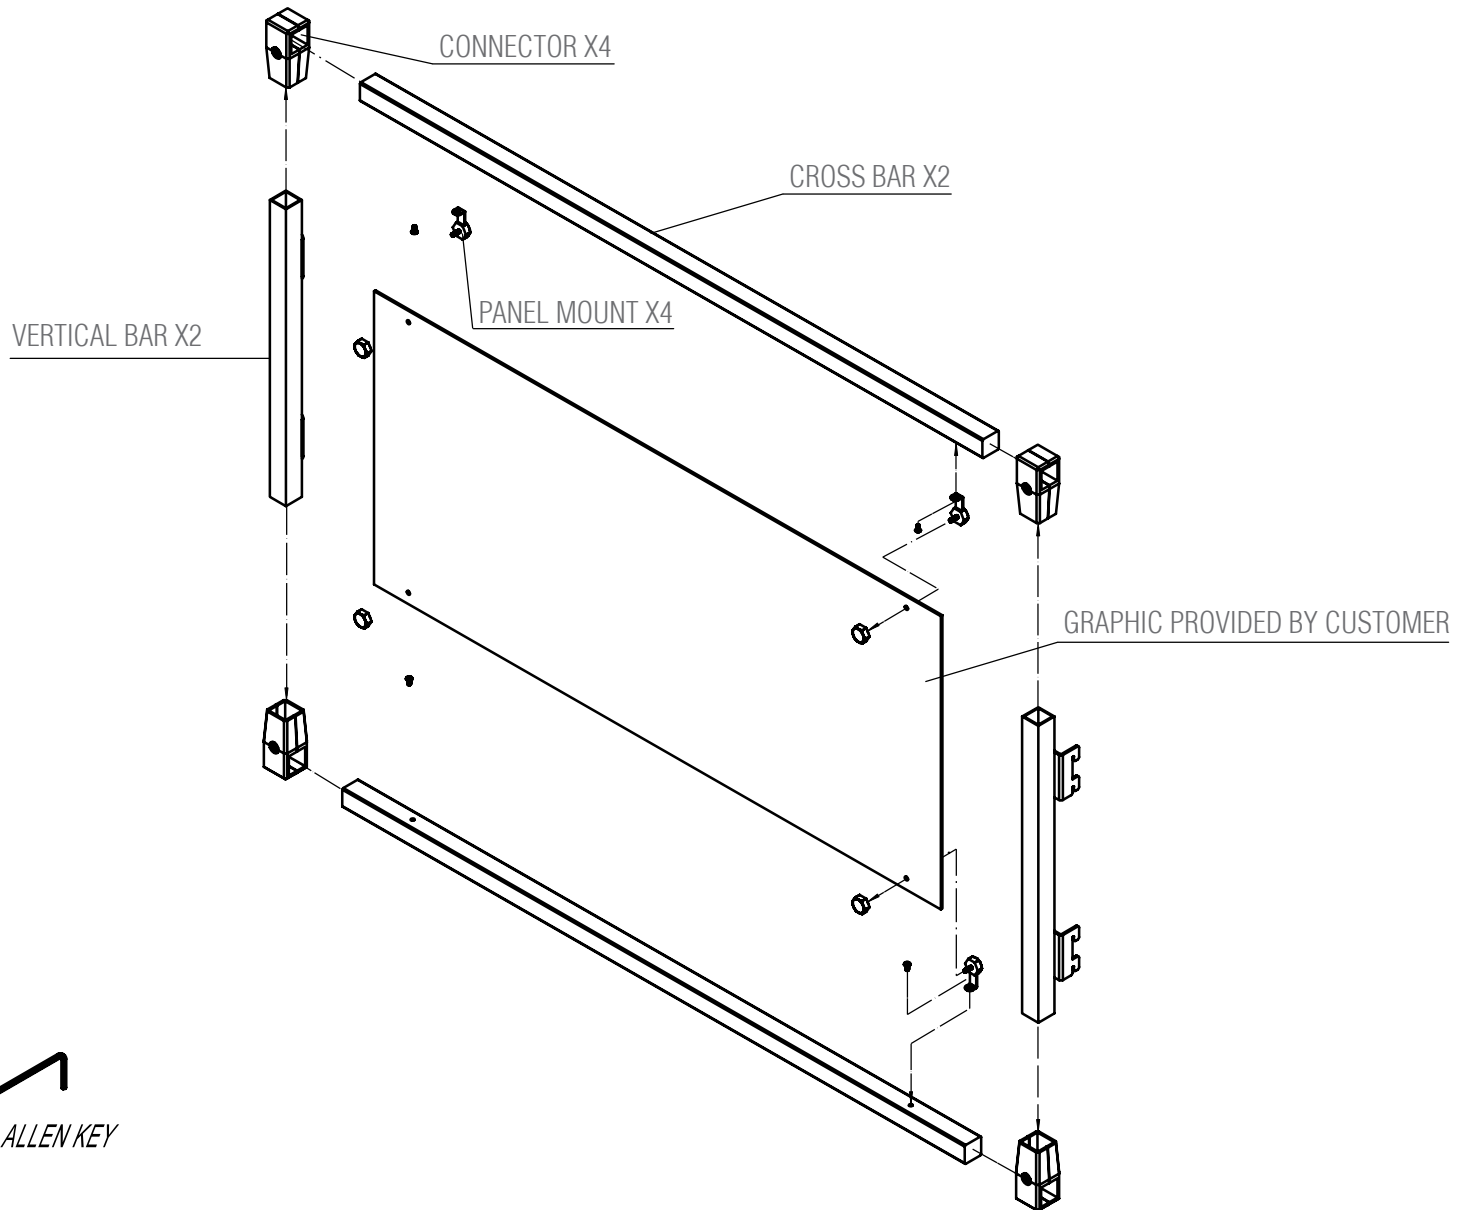

Use with 43.25"W x 18"H graphic (not for sale)

Graphic is quickly changed with no-tool thumb screws

Step 1: Attach connectors to each end of the two vertical bars. Do not over-tighten.

Step 2: Build frame by connecting the vertical bars with the cross bars. Once all corners are connected, tighten the bolts with the large allen key.

Step 3: Attach the panel mounts with the small allen key.
