

# Carpeted Luggage Cart

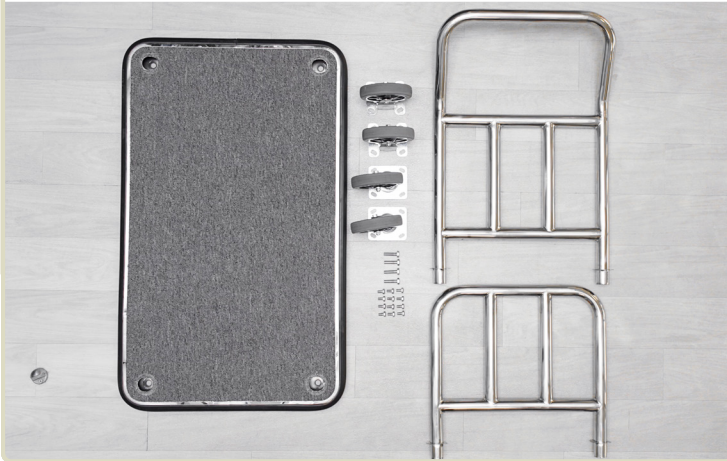

## ASSEMBLY INSTRUCTIONS

LANCASTER™  
TABLE & SEATING

### STEP 1

Lay out all the components: bag of hardware (12 small bolts, 4 big bolts), 2 swivel casters, 2 rigid casters, carpeted base board, front rail, back rail, small wrench.

### STEP 2

Place the base board upside down and screw in casters using the small bolts. Make sure the swivel casters are installed on the side with the two holes closest to each other and the rigid casters are installed on the opposite side. Fasten with wrench.

### STEP 3

Leave large corner hole open on each caster for front and back rail installation.

### STEP 4

Flip the base over onto the casters and install the back rail on the side of the swivel casters by securing two large bolts with fasteners into the large holes and fastening with a wrench.

ASSEMBLY INSTRUCTIONS

LANCASTER™  
TABLE & SEATING

## STEP 5

Repeat step 4, this time installing the front rail on the side of the rigid casters.

## STEP 6

Ensure all screws and bolts are fully tightened.

## STEP 7

Assembly completed.
