In no event will the manufacturer or its affiliates be liable for direct, indirect, special, incidental or consequential damages arisen by using this product or resulting from any defect/omission in this document, even if advised of the possibility of such damages. The manufacturer and its affiliates reserve the right to make improvements or changes to this document and the products and services described at any time, without notice or obligation.

## Accuracy is the Key to Success!

- Did you know that it's common to find an oven's temperature can be off by more than 50°F? Thermostats become fatigued with age. Leaky door seals can cause hot or cool spots that affect the thermostat. For best results with your oven, use the DOT2 to monitor the exact oven temperature.
- Temperatures can be sampled from different parts of the oven to check for hot and cool spots.

**Important: REMOVE THERMOMETER FROM SELF-CLEANING OVENS DURING CLEANING CYCLE.**

**5-Year Limited Warranty:** Any instrument that proves to be defective in material or workmanship within five years of original purchase will be repaired or replaced without charge upon receipt of the unit prepaid at: CDN, PO Box 10947, Portland, OR 97296-0947. This warranty does not cover damage in shipment or failure caused by tampering, obvious carelessness or abuse.
