

## **NOBLE CHEMICAL CLOG B-GONE DRAIN OPENER / MAINTAINER**

### **Description:**

This formula is designed to chew through grease and dissolve hair fast! When used regularly, it will keep drains free-flowing and fresh smelling. This special formula loosens grease and organic matter and will not harm plumbing fixtures, porcelain, or pipes.

### **DIRECTIONS**

*For Clogged Drains:* Pour 1/2 bottle into the drain and let it work for 30 minutes. If necessary, repeat and wait 1 hour. For severe problems, let sit overnight and flush with warm water the next day.

*For Sluggish Drains:* Use 1/4 bottle and add an additional 1/4 bottle 15 minutes later. Wait 15 minutes after final application and flush with warm water. Repeat if necessary.

*For Maintenance:* Use 1/4 bottle every other week. Wait 15 minutes then flush with warm water.

**Note:** Do not use Clog B-Gone if drain or grease trap has been treated with chemicals containing acid.
