Model-Specific Compatibility Notes [05/27/2014]:

T-49: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-49: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-37: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-72-6: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-49DT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-69FC: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-35: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-72G-6: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-69: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23-2: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-23PT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23-1-G-1: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-23RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-41: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-72: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-49FC: When stock is depleted replace with #925473 ft 2157 programmable digital to change from

GDM-60: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-23: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-69: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TS-49G: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-35: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-47RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-72: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-19: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-35G: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-72FC: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23G-PT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-45HL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23G-2: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-69RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49DT-G: When stock is depleted replace with #925473 ft 2157 programmable digital to change from

T-49G-RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-43: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-47: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49G-PT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-72G: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-37: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49G: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-49RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49DT-4: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-72: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49-2-G-2: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-45: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23G-RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23G: When stock is depleted replace with #925473 ft 2157 programmable digital to change from

GDM-33: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-49: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-37HL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-26: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-47: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-61: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-23FC: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-23: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-72RL: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-72-3-G-3: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49DT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49G-4: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49-4: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-49PT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-26: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49PT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from

GDM-45: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49DT-1-G-1: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGU-2: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGU-1: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGU-1F: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGU-3: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGU-3F: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGU-2F: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GEM-61FC: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

GDM-23-2: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-23PT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGW-1: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGW-2: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGW-2F: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGW-3: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGW-3F: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

TGW-1F: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.

T-49-4PT: When stock is depleted replace with #925473 ft 2157 programmable digital to change from Fahrenheit/Celsius...face plate would have to be changed to Celsius. Comes with a Celsius face plate.
