

Model-Specific Compatibility Notes [04/11/2017]:

T-49F: Available but not recommended, backguards would have to be removed. Pans pushed to back wall could restrict air flow and affect product temperature for 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TC-72G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-52G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TC-72: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-23FG: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-74G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-72F: Available but not recommended, backguards would have to be removed. Pans pushed to back wall could restrict air flow and affect product temperature for 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-23G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49RL: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-52: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TH-23: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-25: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TC-49: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-23: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-23G-RL: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-23G-PT: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-49F: Available but not recommended, backguards would have to be removed. Pans pushed to back wall could restrict air flow and affect product temperature for 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-72: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49DT-G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49G-RL: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-72F: Available but not recommended, backguards would have to be removed. Pans pushed to back wall could restrict air flow and affect product temperature for 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-23F: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-23F: Available but not recommended, backguards would have to be removed. Pans pushed to back wall could restrict air flow and affect product temperature for 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49G-PT: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-72G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-74: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-23RL: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-23: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

GDM-49RL: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TC-49G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-72: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TC-23G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-24: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-23G-RL: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-23G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-23G-PT: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-49: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-85: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49DT: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TC-23: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49PT: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-72G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-54: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TM-24G: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-23PT: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-23PT: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49-4PT: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

T-49MHC: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.

TS-72-HC: For 18" x 26" pan comes with 44 pan supports to hold 22 pans. Maximum capacity is 32 bun pans. Each set of supports will hold 20 lbs.
