

Model-Specific Compatibility Notes [4/4/2014]:

TBB-24-60G: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TDD-3CT-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TDD-2-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-3G: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

T-50-GC: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

TDD-2: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-3G-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24-48: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-3-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24-GAL-48G-SD: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24-72G: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24-48G-SD: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TD-50-18-LT: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

TDD-2CT-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TRCB-50: Note: these casters only allow 3/4" clearance between drain pan and floor. Not recommended if cooler is to be moved over thresholds or very uneven floors.

TD-50-18: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

TDD-3: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24-60: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24-72: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24GAL-60: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24GAL-72: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24GAL-48: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-2G: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TDD-3CT: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TD-50-18-S: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

TBB-2-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24GAL-48G: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TD-80-30-LT: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

T-50-GC-S: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

TD-65-24-S: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

TBB-3: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TD-65-24: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

TBB-24-48G: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-2: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-2G-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TDD-2CT: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TRCB-110: Note: these casters only allow 3/4" clearance between drain pan and floor. Not recommended if cooler is to be moved over thresholds or very uneven floors.

TD-65-24-LT: Caster option used after ~7/1/2009. (pcn #3509) coolers built before July 2009 should use the framed caster option.

TDD-3-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TRCB-52: Note: these casters only allow 3/4" clearance between drain pan and floor. Not recommended if cooler is to be moved over thresholds or very uneven floors.

TBB-24GAL-60G: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TBB-24GAL-60G-S: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TDB-24-48: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.

TDD-3G: Caster option used after 8/30/2010 (pcn #4616) coolers built before this date should use the framed caster option.
