QSP QUICK-SHIP PROGRAM: QUICK-SHIP PROGRAM: QUICK-SHIP PROGRAM: All Quick-Ship items are normally in stock, and will be shipped within 1 to 3 business days from receipt of order. Most of our Quick-Ship orders go out within 1 business day. Quick-Ship quantities are limited to 12 per SKU, however, larger quantities of some items may be available, or we may be able to expedite your order, depending on the product and season. Please contact us for availability. All Quick-Ship orders must specify "Quick-Ship" or "QSP", otherwise, normal lead time will apply.

BTO CUSTOM BUILT-TO-ORDER: Built-to-Order products are NOT in stock, but are instead built from stock components to each customer's specified size, and Standard or Optional color combination. Items listed as Custom BTO will normally ship in 5 Business Days from receipt of order, but due to the wide variety of possible combinations available, order sizes, carrier pickup schedules, and seasonal variations in lead times, shipment in 5 days is not guaranteed. BTO order priority will be given to customers promoting Correll Items as Custom BTO in their Catalogs or Web Sites.

STANDARD LEAD TIME: All other Standard Color Combinations in this Price List will normally ship within 5 to 10 Business Days from receipt of order. Allow approximately 5 additional days for Optional Colors or Features. Lead time will be quoted for Special Order Colors, or Custom Features.

Heavy Duty, Commercial Injection Molded Chairs

- Injection molded seat & back, 7/8" round tube frame with front & rear double riveted leg stretcher
- Seat is fully supported by steel frame
- Nest for stacking
- Same stain resistance as our tables

FOLDING CHAIRS

MODEL	PACK
RC350*	4

Standard Table Features

- For lightweight, easy-handling, heavy duty commercial use, where top may be exposed to food, crayons, markers, paints, chemicals, and other stains
- Lightweight, waterproof, & virtually indestructible with a one piece plastic top
- Top color fully permeates the plastic and will not wear off
- Mar-proof plastic foot caps and automatic lock-open mechanism on all tables
- Strong steel "ladder" frame
- 30" x 60", 30" x 72", 30" x 96", and 60" round tables use 1 1/4" skirt clips, other sizes require "stick-on" Velcro tape or spots

COUNTER/STANDING HEIGHT FOLDING TABLES Commercial Blow-Molded Plastic

Standard Table Features

- Heavy-duty plastic table design for tough, commercial use
- Waterproof, scratch, and stain resistant for years of service
- 36" height is comfortable standing height for laundry, office, food prep, shop, or mail room

The one-piece R-Series plastic top tables are designed for heavy-duty rigorous commercial use making them the perfect choice for food preparation, and laundry room or shop use. The R-Series tables are waterproof and resistant to oil, acids, cleaning compounds, and chemicals. The color fully permeates the plastic and will not scratch or wear off. The heavy-duty R-Series tables are also available with a permanent anti-microbial treatment for food service use.

ANTI-MICROBIAL TABLES Commercial Blow-Molded Plastic

Standard Table Features

- Designed for heavy-duty commercial use day in and day out
- Anti-microbial compound is not a coating and will not wear off
- Available in multiple heights including fixed and adjustable options.

Correll uses an Anti-Microbial compound that is FDA and EU approved and is specifically designed to be mixed with plastic prior to molding. This compound provides homogeneous protection throughout the entire structure of the top material, just not the surface. It will never wear off, scratch off, or wash off. This compound includes silver which is known to kill 99% of bacteria within 24 hours of contact and remains in effect over the lifetime of the product. Silver does not harm human tissue.

Standard Table Features

- Tamper Resistant Folding Tables for use in correctional facilities, offices, schools, and other adverse environments
- One-piece blow molded plastic tops are waterproof, chemical, stain, and impact resistant, more durable than ABS at half the cost
- Legs are welded & riveted, with non-removable foot caps
- Tops are attached to steel ladder frame with tamper-proof screws
- Meets ANSI-BIFMA, California Air Quality (CARB) (CPSIA) Product Safety Standards
- Matching color chairs have injection-molded seats and backs, with steel frames, fold for handling and storage. NOTE: chairs are not tamper resistant

WARNING: While these tables are designed to be tamper-resistant, they are NOT indestructible. Not recommended for use in high security, unsupervised, or potentially violent environments. Correll Inc. assumes no liability for use of this product. Chairs and trucks are not tamper-resistant.

Standard Table Features

- Tables have plastic tops and steel frames
- Chairs have seats and backs, with steel frames
- Plastic top is waterproof, stain and chemical resistant
- Top color fully permeates the plastic and will not wear off
- The Econline Plastic Fold-in-Half Table folds to only 30" x 36" for easier handling, storage, and transportation, and fits in most car trunks or behind the seat

These durable yet lightweight plastic folding tables are waterproof. The plastic tops are scratch, stain, and chemical resistant. These tables have a variety of uses and are convenient to have on hand for parties, tailgating, picnics, games, and even camping. The CP3072FM table folds in the middle to easily fit in most vehicle trunks or behind the seat and features a convenient carrying handle.

OFF-SET LEG FOLDING SEMINAR TABLES Deluxe High-Pressure

Standard Table Features

- Same features and construction as our 3/4" high-pressure tables on page 10, but with 1 1/8" diameter off-set legs for maximum leg room
- Knife-lock folding mechanism which is attached to the back upright, making underneath the table completely open, and leaving nothing to interfere with the user's leg room
- High-pressure laminate gives a smooth, flat, writing surface

Correll's Off-set leg folding seminar table is constructed with heavy use in mind. These tables feature knife-lock folding mechanisms attached to the back of the leg leaving the underside completely open for maximum legroom and comfort. Idea for heavy-duty use in schools, universities, offices and conference areas.

FRAME	BLACK	BLACK	BLACK	BLACK

Standard Table Features

- Melamine top on 1 1/8" high-density particle board core
- Melamine tops have a harder and smoother writing surface than real wood furniture
- Sturdy all steel frames with adjustable leveling glides
- Desk & keyboard height tables have steel modesty panels with 1 wire management hole on 24 x 48 and 30 x 60 trapezoid, and 2 on all other sizes, plus wire management trough on inside bottom edge
- Adjustable height (CSA) tables have H-frames, and adjust from 21" to 29" in 1" increments, with tamper resistant set screws

Correll is an industry leader in the production of our melamine table tops for computer and training. These econoline tables feature a 1 1/8" high-density particle board core. Our melamine tops provide a firm and smooth writing surface. The desk and keyboard height tables feature a steel modesty panel with either one or two cord management openings, depending on the size. With proper care, these tables will provide years of useful service.

Standard Table Features

- Melamine top on 1 1/8" high-density particle board core
- Additional top bracing on larger sizes, for maximum strength
- Melamine tops have a harder and smoother writing surface than real wood furniture, for years of service with proper care
- Crayon and permanent marker can be removed without damage
- Heavy-duty adjustable height legs and shouldered set screws for maximum safety. Speedwrench included for fast and secure height adjustments. Chrome inner leg resists scratches
- Legs attach to top with 8 screws per leg

NOTE: Legs and Top ship in separate cartons

MIX & MATCH	Select TOP	WALNUT	MEDIUM OAK
