Gas Wok Ranges

Elevated Performance Paired with Space-Saving Design

Cooking Performance Group 13" and 16" Wok Ranges are a great asset to your cooking line up. The powerful duck jet burners provide plenty of power to stir fry product quickly and conveniently. The manual controls make operation a breeze while the drip tray makes cleanup fast and simple. The included wok rings are built for large woks to accommodate high output applications. Adjustable feet allow the unit to be leveled on uneven floors for added stability. Take your kitchen to the next level with Cooking Performance Group Wok Ranges.
