

A Countertop Griddle You Can Count On

Independently controlled 30,000 BTU U-shaped burners with options for manual or thermostatic controls.

Back and side splashes protect walls and countertops from unwanted messes.

Durable polished steel cooking surface is built to last and easy to clean.

The convenient, built-in standing pilot offers instant ignition for an immediate flame whenever you need it.

Four heavy-duty, adjustable feet increase the unit's stability on your countertop and ensure tabletop elevation compliance for your equipment.

$\frac{3}{4}$ " rear gas connection readily connects to a natural gas supply, or easily converts to liquid propane with an included orifice kit.

Conveniently removable, this waste tray collects grease and food debris throughout the day making cleanup a breeze.

Powerful and Built to Last

Add consistency and predictability to your cooking and grilling with Cooking Performance Group countertop griddles! Available models include anywhere from one to six burners so you can find the right fit for your establishment. Plus, you can choose between simple manual controls, or thermostatic controls that allow you to control the temperature from 200 to 575 degrees Fahrenheit for precise cooking! Each model is field convertible from natural gas to liquid propane to provide users with an exceptional amount of versatility. With a full-width waste tray, these griddles are the complete package of excellent performance and worry-free maintenance. Perfect for cooking burgers, bacon, eggs, cheesesteak, and hotcakes, CPG countertop griddles make the most out of every kitchen, concession stand, and snack bar!
