Delivery Services

You are tireless in the pursuit of culinary greatness. You sacrifice no ingredient. But do almost anything to win over hearts and mouths. And because you're dedicated to getting it right, we're dedicated to getting it there—with delivery bags that go the extra mile. Or 50. With a laser-like focus on durability. With breakthrough ideas in insulation. And an uncompromising dedication to making your menu items amazingly memorable. Just like they would in your restaurant. You put your best on your plate. Now it's time to put it in the best delivery bags around.

Extend your delivery range and provide restaurant-quality experiences for your customers at home.

3-Series

The baseline of warmth ingenuity. The hot food generates heat in the bag while the high-performance insulation helps retain the heat, keeping food as warm as it is delicious.

5-Series WITH HEAT PAD

The next level in our delivery bag line features a heat pad that pre-heats the bag. Place your hot food into the pre-heated bag, unplug the heat pad and go. Or use the optional 12V in-car power cord to continually heat the bag during transport.

5-Series WITH HEAT PAD & POWER PACK

Optimize bag temperature, food quality, and delivery range. Select from 5 heat settings, pre-heat the bag, and continuously heat during transport. Depending on setting and bag size, power pack charge will last from 3 to 4 hours. Use the included 12V in-car charger to recharge the lithium ion battery power pack in between deliveries.

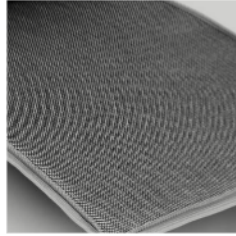

Overall Features and Benefits

MAINTAIN TEMPERATURE LONGER TO MAXIMIZE DELIVERED FOOD QUALITY

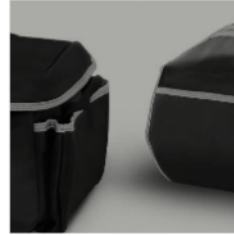

Moisture-resistant outer shell

Foil liner (8mm) insulating and directing hot and cold temps

Thick poly batting insulation on all sides

Closing flap and zipped lid flaps for extra insulation

Heat pads & portable battery packs to add heat and extend your delivery radius

DURABLE CONSTRUCTION FOR LONGEVITY AND TO PROTECT THE CONTENTS OF THE BAG

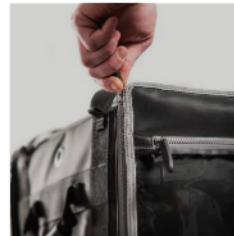

Sturdy floor bottoms to ensure stability for loading and transportation

Reinforced stitching for superior strength and durability

Heavy-duty handles and webbing for strength and comfort

Commercial grade, easy opening zippers and Velcro

Integrated power pack pocket (select models only)

DRIVER SAFETY AND COMFORT
