

18 GAUGE DETACHABLE DRAINBOARD INSTALLATION INSTRUCTIONS

07/2021

REGENCY
Stainless Steel Commercial
Tables And Sinks

CONTENTS INCLUDE

- (A) 2 Tubing Braces
- (B) 2 Brackets
- (C) 1 Drain Board

TOOLS REQUIRED

- Screw Driver
- Wrench

Mounting hardware is not included.

- 1 Unscrew brackets and slide them to the top of the sink legs.
- 2 Screw drainboard tubing braces onto brackets.
- 3 Tighten brackets to prevent them from sliding down the sink legs.
- 4 Place drainboard lip over the sink edge.
- 5 Lift unattached end of tubing braces to drainboard, matching up the hole in each of the braces with the screws on the back of the drainboard.
- 6 Screw on the caps to fix tubing braces to drainboard.
