TRUSTED BY FOODSERVICE CONSULTANTS AND EQUIPMENT DEALERS.

For over 75 years, InSinkErator has been helping foodservice operations manage waste disposal, improve kitchen efficiency, and reduce operating costs.

Commercial Disposer Sizing Chart

To determine the proper size disposer, use this recommended sizing chart. Sizing recommendations are given in general terms; actual capacities vary depending on the volume and type of food waste. LC-50 model available for light duty commercial applications, such as coffee shops, convenience stores, or quick service restaurants.

For questions or special applications, contact your Foodservice Consultant or InSinkErator.

Volume Processed	High Buffet/Cafeteria Government	SS-300	SS-300/500	SS-500	SS-500/1000	SS-500/1000
	Medium Full Service Restaurant	SS-200	SS-300	SS-300/500	SS-500	SS-500/1000
		SS-100/150	SS-200	SS-300	SS-300/500	SS-500
	Low Limited Service Restaurant/Café/ Fast Casual	SS-100	SS-100/150	SS-200	SS-300	SS-300/500
		Light Majority Fruits & Vegetables	Medium 50/50 Mixture	Heavy Majority Meats & Seafood		
		Food Waste Composition				

4 sizes. 7 models. Countless opportunities for productivity.

With four sizes, including seven different models, we have a food waste disposer for any size operation.

From food waste disposers and reduction systems to hot water dispensers and water saving systems, InSinkErator has a commercial equipment solution to enhance your day-to-day foodservice operations.
