DTWS002 Shop Desk Installation Instructions

Tools Required:
Philips Head Screwdriver, Hex Wrench,
Allen Wrench (included)

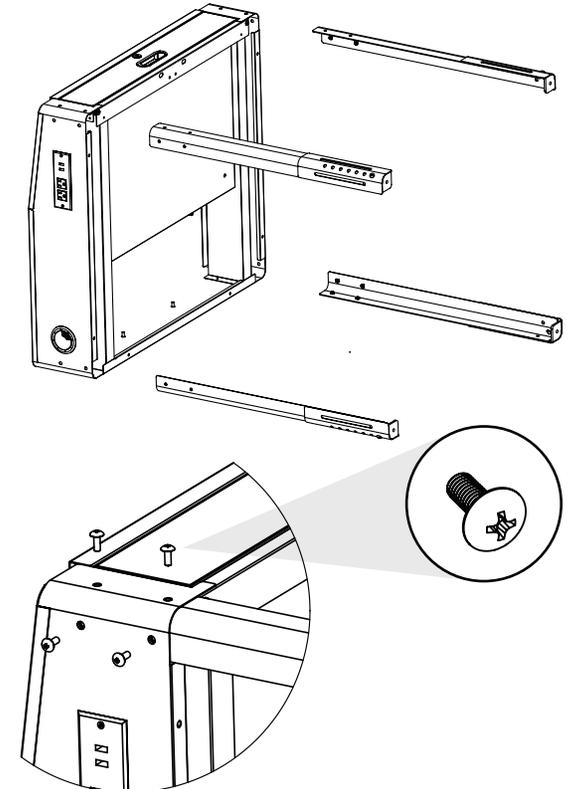

Parts Key

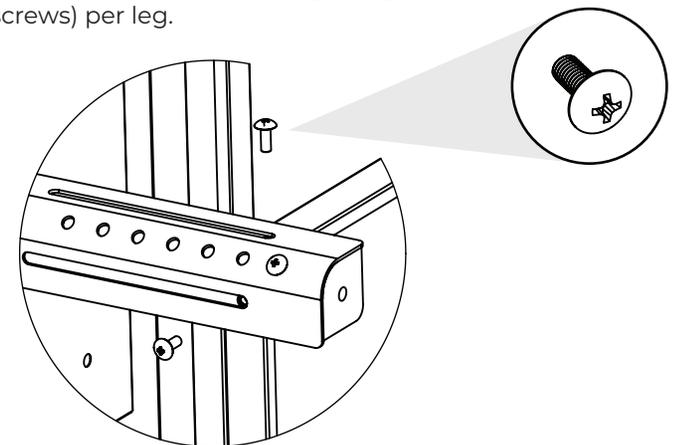

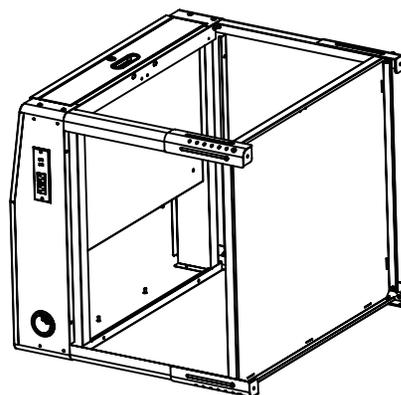

- 1** Attach inner legs to outer legs at your desired height using Philips head screws (M6x16mm).
Do this with all 4 legs.

- 2** Insert all 4 legs into the upper cabinet. Secure using 4 Philips head screws (M6x16mm) per leg.

- 3** Insert the shelf between the legs. Secure the shelf to each leg using 2 Philips head screws (M6x16mm screws) per leg.
