

AGES 8 + | 2 TEAMS

Scoring is done by taking the difference of each team's points. For example: Team A gets one ring around an edge post (1 point) and one ring around the middle post (3 points) for a total of 4 points and Team B gets two rings around edge posts (1 point each) for a total of 2 points. By taking the difference of 4 and 2, Team A is awarded 2 points for the round. The rings are picked up and play continues to the next round. The team that scored the previous round starts tossing the next round.

WINNING THE GAME:

The first team to reach exactly 15 points wins the game. If a team goes over 15 points they must go back down to 10 and play continues.

USE AND CARE:

YardGames.com Giant Ring Toss sets are made with finished wood and are water resistant but not water proof. To prevent damage and wear, store the game indoors in a dry area.

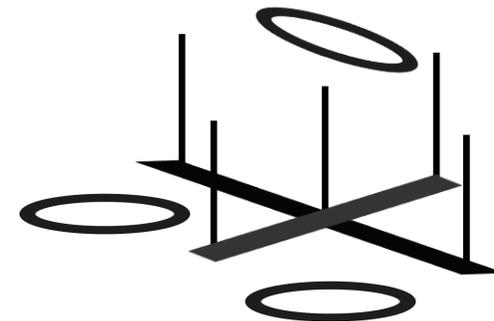

Adult supervision is required for children playing this game.

TOSS

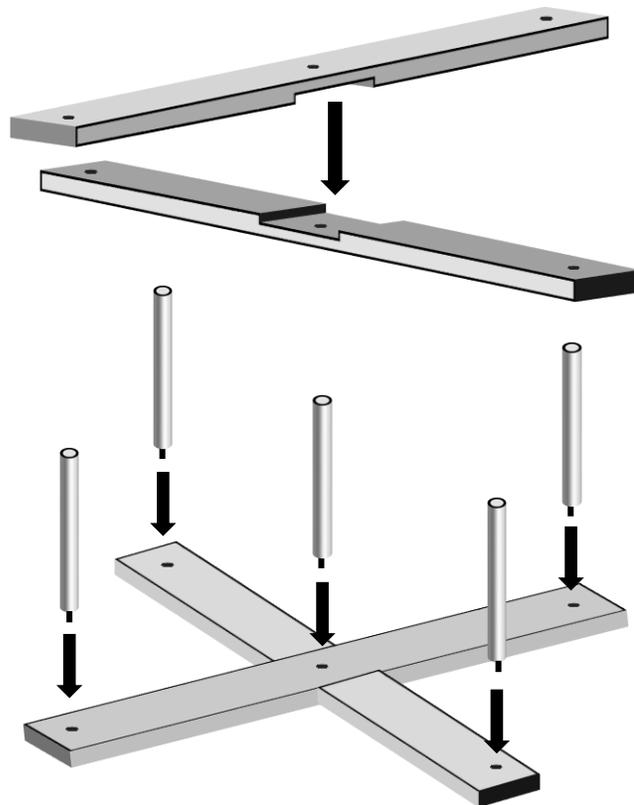

Instructions

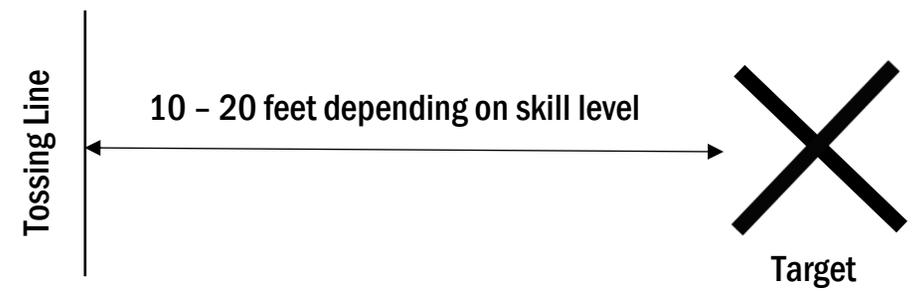

SET INCLUDES:

FRAME ASSEMBLY:

SETUP:

HOW TO PLAY:

Two teams of 1-2 players start at the tossing line with three tossing rings each.

Each team tosses one ring at the target and whoever gets closest or on the middle ring goes first.

Team A tosses their first ring, then Team B tosses their first ring. Team A tosses their second ring, then Team B tosses their second ring and so on. Once all rings have been tossed the round is complete and one team scores. If a team has 2 or more players, player 2 can toss next round.

SCORING:

Points are awarded for getting your ring to land completely around a post. 3 points for the middle and 1 point for any edge post. Rings touching or leaning on posts do not get points.
