

Iced Tea Dispenser Faucet

Installation Instructions

Installation

- 1 Place the iced tea dispenser on a solid table.
- 2 Insert the water faucet into the hole.
- 3 Install two rubber rings on the inside of the inner wall, at the end of the water faucet.
- 4 Install the plastic nut inside the inner wall, at the end of the water faucet, make it tight.
- 5 Turn the water faucet 1-3 times to make sure it is tight to avoid any leaking.
