CHEESES

CANADA *Celebrity International Goat* Celebrity International, although a relative newcomer to the goat cheese business, has nonetheless created a sensation with some of their new and innovative flavors. Located in Ontario, they are proud to feature cheeses made with 100% pure goat's milk that are animal-rennet free. Sea salt is also added to their products, which – because it is iodine-free - are preferred by the health conscious and vegetarians. Certified COR kosher.

Celebrity Goat #063022 6/11 oz Log Celebrity International

A 100% pure chèvre with 0% animal rennet! In true “celebrity” style, these vegetarian goats are fed a special diet of roasted soybeans, which are higher in protein and energy. Goats convert all the carotene in their diet to vitamin A, leaving the milk and cream pure white. Great on its own or with wine, this cheese can also be used for cooking applications – on Bruschetta, in salads, in omelets, creamed into potato dishes, or blended into stuffings. Also available: **#063026 2/2.2 lb Log and #063080 1/3 kg Pail**

Honey Goat #063075 12/4.5 oz and #063076 6/11 oz Celebrity International

A drop of "liquid gold" gives this cheese a hint of sugar that is extremely pleasing to the palate, and its sweet side tempers the tanginess inherent in all goat cheeses. Honey Goat is creamy and rich, and is delicious on crusty bread for breakfast.

Goat with Garlic & Fine Herbs #063074 12/4.5 oz Celebrity International

Roll creamy Canadian goat cheese in the classic Mediterranean blend of herbs and garlic and you have a delicacy that is welcome at any party. Herb & Garlic Goat is delicious spread on crackers or bread, and it can also be used as a filling or addition to hot dishes. Also available:

#063074 12/4.5 oz and #063077 6/11 oz

Goat Cheese with Dill #063073 12/4.5 oz Celebrity International

Refreshing and herbaceous, dill is a natural complement for a young goat cheese. Dill is used to flavor many foods, including soups and cured salmon. Try it on a bagel with lox in place of cream cheese.

Also available: **#063098 6/11 oz**

Rum Raisin Goat #063068 6/11 oz and #063069 12/130 gr Celebrity

Smooth, creamy goat cheese studded with rum-soaked raisins – this chèvre is sure to be a hit. The tanginess of the goat cheese combined with the dried fruit and liquor creates a uniquely festive cheese that could not be more ideal for entertaining.

Cranberry Goat with Cinnamon #063041 12/4.5 oz Celebrity International

Creamy, light Celebrity goat cheese rolled in a coating of cranberries and cinnamon. This tangy chèvre blends perfectly with the sweet and sour berries, and the touch of spice adds just enough extra warmth to the pairing. Cranberry goat is unique in that it is covered in whole fruit rather than berry paste. This cheese makes a beautiful presentation any time of year. The cranberries give it winter holiday appeal, but its flavor is light and fresh enough for any time of year. It can even be crumbled over salads! Also available: **#063034 6/11 oz**

Mediterranean #063004 12/4.5 oz Celebrity International

Blueberry Goat with Cinnamon #063060 12/4.5 oz Celebrity International

The folks that make the wildly popular Cranberry Goat with Cinnamon have come out with another tasty dessert cheese - Blueberry Goat with Cinnamon. A healthy pinch of cinnamon is always needed to make blueberry pie, so the same theory has been used to create their latest cheese. The result is a sweet and tangy delight that tastes like summer. Limited availability. COR Kosher and Crescent-M Halal.

TABLET K KOSHER DAIRY

Canada

Canadian Eiffel Tower Kosher Brie #060955 12/7 oz (Cow)

Brie has been made in Canada since the French colonization. This classic, taste bud-seducing cheese is always the first to disappear from the cheese plate. Great heated in the oven with Aunt Berta's kosher jams! Tablet K Kosher. Also available: **Brie #060940 1/1 kg Eiffel Tower**

Canadian Eiffel Tower Kosher Camembert #063084 12/7 oz (Cow)

Similar to Eiffel Tower Brie, but with a slightly more pronounced mushroom flavor. It comes in convenient 7 oz. rounds that are ideal for casual parties and catered events.

Fondue Brie #063701 2/17.6 oz, #063050 4/8.64oz, Eiffel Tower (Cow)

Fondue Brie is an innovative Brie designed for baking. It comes in a rectangular tray that can go into the oven; melt the lightly herbed cheese directly in the tray and then serve in the same dish!

Panini Brie #063700 6/17.6 oz Zerto (Cow)

This conveniently shaped Brie comes in a flat rectangle that is easy to slice into the perfect Panini size. The traditional round, thick Brie is not well suited for most Panini breads and causes restaurateurs to lose product during trimming. Panini Brie always comes out perfect. It is easy to custom cut for a variety of sandwich shapes and will not overpower other ingredients. Grill up this creamy Brie with prosciutto, tomatoes, preserves, figs...the possibilities are endless! Great way to add value!

DENMARK – Kirkeby Sol

The Kirkeby Cheese Company of Denmark has taken the art of making kosher cheese and turned it into one of their specialties. The island of Funen, where the farm is located, boasts one of Denmark's most beautiful views. Kirkeby/Sol Cheese produces some of the finest "yellow" and "blue" kosher cheeses available today. All are certified by the Kosher Federation of Bet Din of London. 100% Cholov Yisroel. Kosher for Passover.

Kosher Sliced Havarti #293047 10/6.2 oz (Sol, Cow) Sliced Havarti is a buttery-tasting, semi-soft cheese as the Havarti loaf. (above) These convenient slices are ideal for grilled cheese sandwiches and other cooking applications. They may also be cut diagonally and arranged on a party snacking tray.

Kosher Sliced Edam #293046 10/6.2 oz (Sol, Cow)

This item, Sol Edam, is pre-packaged and pre-sliced, ready for sandwiches or snacking. This is the same delicious Edam as listed above in loaf form. The slices are mild enough for easy eating and they will melt well in sandwiches or atop casseroles or potato dishes.

Kosher Gouda Slices #293045 10/6.2 oz (Sol, Cow)

Sol Gouda is sliced, pre-packed and great on sandwiches or wraps. This Gouda is mellow and rich with almost no holes. Although Gouda is a mild cheese, its taste is more pronounced than Havarti and Edam, and its texture, firmer.

Kosher Blue Cheese #293074 1/3 kg and **Blue Wedges #293091 10/3.5 oz (Sol, Cow)** Sol's Danablu is unique, with similarities to French Bleu d'Auvergne. It is an excellent cheese for crumbling over salad, or simply served as a snack with fresh fruit and nuts.

ENGLAND – Chevington

Chevington is the new brand and label of what was formerly Royal George Cheddar. George Kenyon, the founder of the English dairy, started to make his traditional English cheeses in 1957 in the ancient market town of Garstang, where the ruins of the Greenhalgh Castle are. His sons, Neil and John, produce kosher cheese for the UK market. The Chevington cheeses are Kedassiah, Cholov Yisroel, and kosher for Passover year-round. Vegetarian-friendly! The cheese is Cholov Yisroel and is suitable for Passover (except for Double Gloucester with Chives.) Three unique cheeses come packed in sealed 7 ounce parchment packs to ensure product security from the manufacturer to your shelves.

Double Gloucester #204693 12/7 oz (Chevington, Cow)

Double Gloucester is a traditional semi-hard cheese which has been made in Gloucestershire since the 16th century. It is made from whole milk and then colored with annatto to give it a warm orange color. It tends to have a fresh, tangy flavor and a slightly crumbly consistency, but holds up well in these sturdy slices.

Mild Cheddar #204691 12/7 oz (Chevington, Cow)

Cheddar is a world-wide favorite. Smooth, crumbly and tangy, this is a great example of possibly the world's most famous cheese. Though first produced in England, the recipe was later taken to the USA, Canada, New Zealand, and Australia. Cheddar is revered the world over and now Royal George boasts a kosher version with all the trappings of jolly old England.

Red Leicester #204692 12/7 oz (Chevington, Cow)

Red Leicester is a mellow cheese with a hard, granular texture. It gets its bright red color from the addition of annatto, which is ground achiote seed from the annatto tree. Red Leicester is a rather young cheese, as it is only aged for 10 to 12 weeks. As it ripens, it develops a distinct nuttiness and faint lemony finish that separates it from all other English cheeses.

ISRAEL – Barkanit Dairies

Over the years owners Avinoam and Michal Barkan have done over fifteen training periods in France and Spain to learn cheese-making techniques which they brought back to their Moshav in Israel. The Brakin family's Barkanit Dairy is a spread of 500 acres in the village of Kfar Yechezkel and hosts a herd of 450 goats and several hundred sheep. Next to the Tabor Mountain, the herd of Barkanit family dairy enjoys natural pastures all year around. With the exception of Tourquoise which is certified by the Rabbinate of the Gilboa, all Barkanit cheeses are OU kosher and 100% Cholov Yisroel.

Kadurim Assorted Goat #613045 12/5.6 oz (Barkanit, Goat)

Compact, sleek and innovative, Barkanit's miniature cheese balls make a lasting impression at fashionable fêtes! Barkanit dairy in northern Israel now offers an enticing assortment of small "bite size" balls of fresh goat's milk cheeses. Each round is hand-rolled in local spices including black pepper, sun dried tomatoes, fresh herbs, garlic, sesame seeds and sumac.

California #613099 12/4.4 oz (Barkanit, Goat)

This 100% goat milk cheese is covered by white mold and Californian nuts. The nut presence enhances the natural forest aromas of this cheese. More discreet and almost shy, this cheese asks for all our attention before completely revealing itself. The semi-soft interior is covered with salted walnuts nestled into the

Shahat #613097 12/4.6 oz (Barkanit, Goat/Sheep)

This French Selles-sur-Cher style cheese is covered in plant ash and white mold. Its creamy texture, due to its careful maturing process, gives it an elegant personality. While Shahat's taste is already interesting at the beginning of the production process, it becomes even more so as the cheese fully matures.

Tiltan (St. Maure Noire) #613096 12/4.6 oz (Barkanit, Goat)

The origins of Tiltan began in the Loire Valley where St. Maure originated. This cheese is produced from 100% goat milk. With its delicate texture and a touch of refreshing acidity, it is possibly the most balanced and harmonious cheese produced in Israel. This French style cheese is a symphony of nature. It boasts a delicate creamy texture and an interesting semi-sour taste that gets stronger as it ages. Round in shape, it is wrapped in mold and plant ash.

Tavor #613098 12/4.6 oz (Barkanit, Sheep)

Tavor is made from sheep's milk. Its rind is sprayed with Penicillium candidum which penetrates inwards during the maturation process. The natural sweetness of the sheep's milk is expressed in the flavor and milky earthiness of Tavor. Its full, buttery texture makes it a truly splendid Israeli cheese, with a distinct, tangy flavor. Produced from 100% sheep milk, this cheese is fascinating paradox. The combination between the natural sweetness of the sheep milk and the high concentration of flavors in the milk due to the herd eating only in the pasture creates an interesting flavor and aroma. It comes in the shape of a flattened pyramid.

Gilboa Wedges #613046 15/4.6 oz (Barkanit, Sheep Milk)

It can be difficult to find gourmet hard cheeses that are also kosher, but with Gilboa we have a wonderful little sheep's milk cheese to enjoy. The name comes from the Gilboa Mountains in Israel. This Manchego-type cheese will help to create an attractive cheese board with different textures and flavors combined with other tasty kosher offerings. The clean, slightly lemony flavor of Gilboa makes it a great snacking cheese. Alternatively, try it sliced on sandwiches or julienned into a salad. It is made from 100% sheep milk and it is characterized by its special hard rind that builds up through a special aging process.

ISRAEL – Gad Dairies

What started out decades ago as a small family dairy in Turkey is today one of Israel's largest dairies. Established in 1980, Gad Dairies combines simplicity with ingenuity, tradition and progress, uniquely incorporating these elements into a manufacturing process yielding flavorful cheeses. Located in Israel's central region, Gad's state-of-the-art manufacturing facility covers an expanse of 7,000 square meters. Gad Dairies have two different kashruth licenses: Mehadrin Badatz – Rabbi Rubin and OK. Chalav Yisroel. Israel's dairy industry is well respected in the Middle East for producing a wide range of artisanal cheeses. The dairy industry is one of Israel's agricultural pillars and the country's farming system of Kibbutz collective farms and Moshav family

Syrian Cheese (Halumi Style) #613738 15/9 oz (Gad, Sheep)

For centuries a staple in the diet of the captivating Mediterranean island nation of Cyprus, Halumi has now gone beyond these borders to be loved worldwide. Combining the texture of mozzarella with the briny moisture of feta, Halumi is easily one of the world's most versatile cheeses. Instead of melting when cooked, Halumi browns beautifully, especially when grilled. Alternatively, this lively 100% pure sheep's milk cheese can be served fresh in a salad or sandwich.

Labane Natural #613079 10/9 oz

Labane in Oil and Za'Atar #613089 10/9 oz (Gad, cow)

Labane straight from the farm to your table! Commonly found on menus in Middle Eastern restaurants, Labane makes a great appetizer and party cheese. Its similarity to yogurt is no coincidence; labane is actually a strained and acidified yogurt that firms up so that it can be used as a cream cheese style dip. Sprinkle it with za'atar herb seasoning and add a drizzle of olive oil and you have a bowl of tangy, fluffy cheese just begging for a hot slice of pita bread. Packed in a convenient plastic tub.

Kosher Cow's Milk Feta

Gad makes wonderful Feta, now available on the export market. Made from 100% cow's milk, this Feta is great on salads, but is also excellent served before the meal drizzled with extra virgin olive oil. Also available in cups and slices:

Kosher Cow's Milk Feta Cups #613007 12/9 oz

Kosher Cow's Milk Feta Slices #613008 12/9 oz

Gad Dairy is dedicated to developing healthy, natural products with an outstanding taste. A private fresh farm dairy with state-of-the-art manufacturing facilities capable of filling practically all size orders. Made from 100% sheep's milk, this Feta is great on salads, but is also excellent served before the meal drizzled with extra virgin olive oil. Also available in a cup:

Kashkaval #613002 12/9 oz (Gad, Sheep)

Kashkaval is a typical cheese from the Balkans. This version is produced in Israel. Kashkaval is aged for six months, during which time it develops a slightly tangy flavor with a perceptible hint of olive oil. Needless to say, this sheep's milk specialty is almost always served with olives. Its texture is firm enough for slicing, but unlike some Kashkavals, the Israeli version melts well so that it can be used for cooking. For a summertime treat, melt it in a pita with tomatoes, sea salt and black pepper, or serve as a table cheese with a tray of colorful olives!

ISRAEL – Gourmet Couscous

Toasted Israeli Couscous #613090 4/5 lb

This style of couscous differs from the traditional couscous in that it acts more like a pasta than a grain. It is made of wheat semolina that is formed into tiny pasta pearls. Serve it as a side dish or add it to your favorite soup as you would a rice or a small pasta. Certified kosher parve under the supervision of the Rabbi Jacob Moshe Charlap on behalf of the Rabbinat of Netanya.

U.S.A. - Polenta

Once regarded as rustic fare for the less-than-wealthy, this Italian version of “cornmeal mush” has become a stylish addition to the menus of exclusive restaurants worldwide. Polenta made from scratch is labor-intensive. Instant polenta and pre-packaged logs are ideal for busy schedules. Just slice it and fry it, or chop it up and heat it. For a creamier porridge style, add a touch of extra water. Our Zerto organic polenta comes in 3 flavors, each packed in attractive 17 oz sleeve-packs. They need no refrigeration and are shelf stable for nine months. The Zerto Polenta is a product of the U.S., and the Instant Polenta, of Italy. Kof-K kosher.

ISRAEL – Aviv Cookies The Story of Aviv Cookies

The origin of the dynasty of the Aviv Bakery and of the Wolf Family lies in the village of Shalib in White Russia. From there, the forefathers left on ship for the land of Israel in 1887, reaching the shores of Jaffa. The family took up residence in Neve Shalom, bordering on the Neve Zedek neighborhood that was established the same year. The name of the bakery was taken from the word for the spring season of Aviv, when the Passover festival occurs. Since then and until today, the reputation for the high quality of Aviv Matzos, cookies, and other baked goods, has reached Jewish communities, large and small, across the globe. In the course of time, the modest factory in Neve Zedek relocated to wide and spacious quarters in Bnei Brak with modern, state-of-the-art technology.

Aviv Cookies are available in three flavors: Halva, Chocolate, and Chocolate Chip. They are Lactose-Free, Trans Fat Free and certified Kosher Parve by Rabbi Landau, the Chief Rabbi of Bnei Brak. Each bag contains 300 grams (10.5 oz); each crate holds 12 bags; and each palette holds 88 crates.
