CUSTOM STAMPING GUIDE

CUSTOM STAMPING/ENGRAVING GUIDE - FLATWARE

All Libbey® Tableware flatware, serving pieces and steak knives can be customized to feature your name and/or logo on either the front or back, as permitted by the pattern design. Choose from many typeface designs or have us create stamps from your logo, crest or other artwork.

Most stamping jobs require at least two dies, and usually three, so that lettering will be in proper proportion to handle sizes. Up to five different die sizes may be required to stamp an extensive flatware service. Steak knives can be laser-engraved on either blade.

Custom stamping or laser engraving adds approximately 6-8 weeks to normal shipping requirements upon receipt of purchase order and approved artwork.

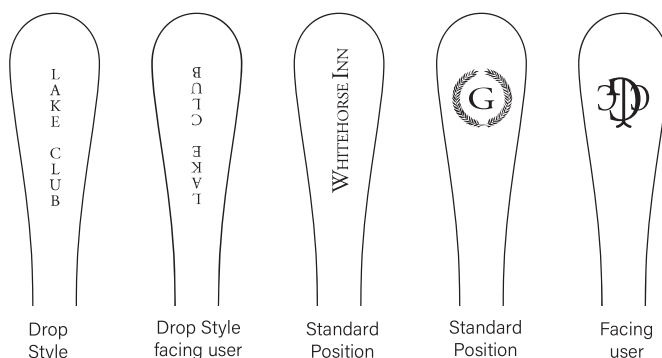

Please contact your Libbey® sales representative for more details on how to make your own unique "statement" by customizing your tabletop flatware.

CUSTOM ENGRAVING GUIDE - HOLLOWARE

Special monograms, crests or logos for reproduction by machine engraving on holloware require a customized stencil. The cost of engraving a logo, monogram or crest on a piece of holloware will vary depending upon the complexity of the design and will be determined by the engraver upon receipt of the artwork along with location and size instructions. A drawing will be prepared and sent for your approval showing size and position on the item. This drawing must be signed and returned before an engraved order will be processed.

SUGGESTED STAMPING - FLATWARE

All engraving must be on a surface area that lends ample space to complete the lettering. The final location is subject to the engraver's approval. Stock lettering styles shown above do not require a stencil charge unless the customer requires a larger size than is possible using the stock stencils.

All orders must include style of lettering, size of letters and position of each article where lettering is desired.

Orders for engraving machine lettering add approximately 6-8 weeks to normal shipping requirements. Examples of letter engraving for logos and stamping are illustrated above.

SILVERPLATING AND TUMBLING OPTIONS*

Many of our flatware and holloware items can be silverplated on a made-to-order basis and subject to shipment approximately 6 weeks after receipt of the order at Libbey, provided there is sufficient stainless steel stock. Many items can also be tumbled to create a vintage look, subject to the same lead times. Customer orders for silverplated or tumbled merchandise are non-cancelable and non-returnable once an order has been processed.

Please contact your Libbey® sales representative for more details on silverplating items.

*Made to order, subject to lead times.
