

Mighty**lite**[™]
Heater

Keep hot food safe & appetizing longer.

Stop worrying about temperature loss from frequent openings.

Add a heater to any Mightylite carrier to keep food hotter, safer, and more appetizing.

Heat when & where you need it most.

Slide it in any front-loader.

Adding a heater to any ML300 or ML400 gives you the ultimate solution to store, access, and replenish hot food at off-site locations.

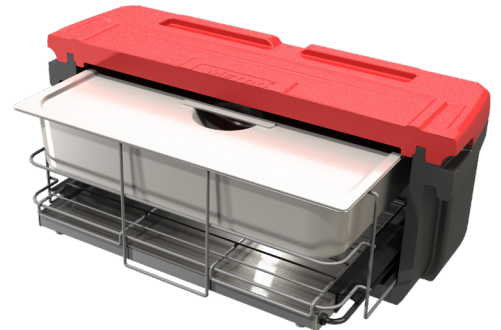

Drop it in any top-loader.

Whether you are holding hot food in pans or individually portioned meals, just add a heater to keep it piping hot and appetizing.

Serve it up with a serving ring & top-loader.

Combine a heater, serving ring, and ML180/180XL for endless serving possibilities. **Transport and serve with a single solution** that does not require water or canned fuel.

Accommodates full size and fractional pans. Use the shelf to hold non-pan items or to support disposal aluminum pans.

We put space to work.
