

MONIN TOTAL IMMUNITY BOOST FAQs

Frequently Asked Questions

- **How is Monin Total Immunity Boost different from other immune-boosting products?**
 - Monin Total Immunity Boost offers a quick, easy way to add essential vitamins and minerals to a beverage.
 - Being in liquid form, Monin Total Immunity Boost is simpler to mix into beverages than powders. Additionally, the product goes directly from a sealed container into the final beverage.
- **How does Monin Total Immunity Boost work to support my immune system?**
 - Monin Total Immunity Boost contains a combination of select vitamins, minerals and antioxidants that support overall immune health and wellness*.
- **How much Vitamin C does Monin Total Immunity Boost provide?**
 - Just 2 pumps (½ oz.) of Monin Immunity Boost adds 90mg (100% daily recommended value) of Vitamin C into any beverage.
 - 90mg is slightly less than Vitamin C than found in an 8oz. glass of orange juice
- **What gives Monin Total Immunity Boost its color?**
 - Natural elderberry extract is a main ingredient in Monin Total Immunity Boost. Elderberry is an antioxidant, rich in nutrients, that helps provide a boost to the body's immune system*.
- **What beverages should I mix Monin Total Immunity Boost with/into?**
 - Monin Total Immunity Boost mixes well in ANY beverage. From cold beverages such as soft drinks, teas, lemonade, mocktails, and sparkling water, to hot beverages like coffee and lattes.
 - It also works great in still water with lemon, juices, cold cocktails, and blended beverages such as smoothies.
- **What is the recommended serving size for Monin Total Immunity Boost?**
 - 2 pumps (½ oz.); you can also offer 4 pumps (1 oz.) as a “double shot”.
- **Can I add more than 2 pumps (½ oz.) of Monin Total Immunity Boost to beverages?**
 - Yes, consider using 4 pumps of Monin Total Immunity Boost as a “double shot”.
 - We do not recommend consuming more than 2,000mg of Vitamin C daily per FDA guidelines.
- **Does Monin Total Immunity Boost contain flavor?**
 - There is a slight vanilla and fruit flavor due to the ingredient combination.
- **Will adding Monin Total Immunity Boost change the original beverage's flavor?**
 - Monin Immunity Boost is designed to blend into beverages, quickly and easily, without changing the original taste/flavor. In some unsweetened beverages and water, Monin Total Immunity Boost does add a pleasant fruit and vanilla flavor.
- **Does Monin Total Immunity Boost have an aroma?**
 - Monin Total Immunity Boost has a subtle fruit and vanilla aroma.
- **Are there any beverages you should not add Monin Total Immunity Boost to?**
 - NO! Monin Total Immunity Boost can be added to ANY beverage!

- **Will Monin Total Immunity Boost change the original beverage color?**
 - Darker beverages experience virtually no change while lighter color and clear beverages will see a rosy, pink tint change.
- **Does Monin Total Immunity Boost make beverages cloudy?**
 - No, it only changes the color for beverages that are clear or lighter in color.
- **What is the base of Monin Total Immunity Boost?**
 - Vegetable glycerin and water.
- **Does Monin Total Immunity Boost contain carbs?**
 - Monin Total Immunity Boost is low in carbs (13g per serving, 5% daily recommended value).
- **Does Monin Total Immunity Boost contain sugar?**
 - There is no sugar added to Monin Total Immunity Boost.
- **Will Monin Total Immunity Boost add calories to my drink?**
 - Monin Total Immunity Boost contains approximately 60 calories per ½ oz. serving (2 pumps).
- **Does Monin Total Immunity Boost contain artificial ingredients?**
 - Monin Total Immunity Boost contains no artificial colors, flavors, sweeteners or preservatives. Some of the vitamin and mineral content, however, is synthetic.
- **Is Monin Total Immunity Boost a Vegan product?**
 - No, due to the inclusion of certain vitamins.
- **Is Monin Total Immunity Boost Gluten Free?**
 - Yes.
- **Does Monin Total Immunity Boost contain caffeine?**
 - No.
- **I noticed Monin Total Immunity Boost contains Cascara, what is Cascara?**
 - Cascara is the outer shell and skin of the coffee bean. It is rich in antioxidants and has antioxidant levels comparable to fruits such as blueberries and raspberries. Although part of the coffee bean, cascara does not contain caffeine.
- **How much sodium does Monin Total Immunity Boost contain?**
 - We're happy to confirm Monin Total Immunity Boost does not contain sodium.
- **Can I take Monin Total Immunity Boost if I'm currently on medication?**
 - As with all supplements, please consult your healthcare professional before taking Monin Total Immunity Boost with medication.
- **Is Monin Total Immunity Boost safe for children?**
 - As with any supplement, we recommend consulting a physician before use. Monin Total Immunity Boost is not recommended for children under 2.
- **What is the shelf life of Monin Total Immunity Boost?**
 - 12 months from manufacture date
 - 30 days from the time the product is first opened
- **Do you have to shake the Total Immunity Boost bottle before every use?**
 - No, you may notice some sediment after a couple days if the bottle is not agitated. Simply turning the bottle upside-down will once again fully mix the product.
- **Can Monin Total Immunity Boost be mixed with Monin Energy Boost?**
 - Yes. If you do mix these two products into one application, we recommend using the suggested serving sizes (½ oz. of each supplement product).
