Versa Multi-Purpose Racks

Omnimed’s Versa Multi-Purpose racks are designed to keep charting materials stable within a moving cart. They can accommodate all binders sizes and orientations, books and other items.

Open Style racks offer easy access to and storage of charting materials with open sides.

Cabinet Style racks have a fully enclosed top, side and back to protect charting materials.

Privacy racks are cabinets with retractable locking panels factory installed for each shelf of the rack. Bipod bolts secure the panel with 3 keys per lock. Locks keyed alike unless requested to be different.

- Welded steel frame
- Available in powder coat or vinyl clad woodgrain
- Includes 3 movable shelf dividers per self
- Dividers can be positioned in 1.5 increments
- Cap shelf for additional storage or use as a work surface
- Four 4” rubber caster - 2 locking
- Shipped assembled
- Lifetime warranty, 1 year on casters
