# Maximize

your space from storage  
to showpiece

Rising rents, shrinking spaces – nowadays, it's all the more important to make the most of every square foot of your venue. That's why Libbey® provides several stackable glassware options that help you get the most value from your footprint.

These innovative, space-saving designs ensure glasses look neat and uniform when stacked, so when they're not in use they can transform into a part of your venue's décor. They also help ensure more durable stacking that doesn't risk damaging the glassware, standing up to rigorous daily foodservice use and bussing.
