

McGlaughlin Oil Company Petrol-Gel™ Allergen-Free Declaration

June 16, 2025

Dear Valued Customer:

This letter serves to document that Petrol-Gel™ does not contain any of the major food allergens as detailed in the **Food Allergen Labeling and Consumer Protection Act of 2024**.

Petrol-Gel™ is manufactured in a facility that does not process any of these allergens, preventing the risk of cross-contamination.

Petro-Gel™ is produced using highly refined food grade base stocks and select additives required for the food industry. Petro-Gel has certifications and registrations for lubrication applications and is not intended to be used for ingredients for human consumption.

The Manufacturer utilizes extreme care in production; handling and packaging of all food grade white mineral oils, food machinery oils and greases under secure operations with fully trained operators. Production, handling and packaging areas are kept free of allergens, GMO's, animal derived products (BSE/TSE) and other contaminants to ensure cleanliness to food manufacturers and processors. The final product is packaged in an environmentally controlled area and filled through appropriate processes to assure contamination free products. All packaged products are inventoried in controlled atmosphere housing with quality certificates of analysis issued with each batch and order.

Food Allergen List recognized by most organizations includes the following thirteen (13) food ingredients:

Allergen	Present In Product	Present On Same Production Line	Present In Manufacturing Facility
Milk/Dairy Products	No	No	No
