

The Polar Point Snow Cone Machine (formerly the Blizzard)

Model: #6133210

UPC: 768528133210

Polar Point Snow Cone Machine

The Polar Point snow cone machine #6133210 features a 1/3 hp motor which can produce an impressive 500 lb. of ice per hour. This commercial machine is constructed from stainless steel and aluminum to ensure long-lasting durability. The Polar Point has a number of high-end features including a back-lit sign and a lighted serving compartment - a real attention grabber to attract customers to your snow cone business. The high impact acrylic panels are tinted blue to shade the ice from melting. A slanted drain is removable, food grade plastic and drains moisture away from the ice to extend shelf life. Include: 36 inch drain tube, durable door, serving scoop and cup dispenser.
