

ASSEMBLY INSTRUCTIONS

INCLUDED PARTS

- | | |
|-------------------------------|------------------------------------|
| A (2) Side Panels | I (4) 3/8" Bolt for Bracket |
| B (3) Middle Dividers | J (74) 1/2" Bolts |
| C (1) Back Panel | K (78) Nuts |
| D (2) Top/Bottom Panel | L (2) Hex Head Bolts |
| E (1) Front Panel | |
| F (2) Bracket | |
| G (4) Block | |
| H (1) Coat Rod | |

TOOLS NEEDED

- 1** Wood Plank
- 2** Hammer
- 3** Ratchet and 10mm Socket

ADDITIONAL NOTES:

- If lockers are bent, use a wood block and hammer to reshape.
- Bolts are hand-tighten safe, however, use a ratchet where necessary.
- Make note that package includes extra bolts and nuts in case of lost parts.
- When fastening bolts, bolt thread faces interior, bolt head faces exterior.

ASSEMBLING THE LOCKERS

1 Lay out and separate all parts and hardware.

2 Align two top/back panels at a 90-degree angle.

A The panels are to be positioned on the inside of the back panel's ledge.

B Use the 3/8" bolts to connect the panels together.

C Repeat Step 2A to connect the second side panel and middle dividers as well as the top panel.

ASSEMBLING THE LOCKERS

3

A

Place the locker door on top of the panel set and squeeze the panels together so the locker door fits into place and is fully pushed down.

B

Use of force may be required to ensure all bolt holes are aligned properly.

C

Use 3/8" bolts to connect locker doors to side panels and back panels.

D

Inside of shelving will need to be bolted to the locker door frame.

ASSEMBLING THE LOCKERS

- 4** Bolt the back panel and top panel together with the block.

- A** Bolt the bracket to the side panels and attach the garment rack to the bracket.

- B** Secure the garment rod with hex head bolt.

- C** Inside of shelving will need to be bolted to the locker door frame.

- 5** Inspect the outside of the locker – front, back, and sides. Finish bolting any shelves, side panels, back panels, and extension legs, ensuring that all pieces are bolted together. Tighten bolts with ratchet if necessary.

OPTIONAL:

- Garment hooks can be placed where desired.
