

# INDUCTION RANGES **from the leaders in induction.**

## LoPRO™

The LoPRO™ induction range is a new series of lightweight, compact ranges designed for durability and performance backed by Spring USA's industry-leading induction technology.

### **Sleek, Low Profile Design**

Sleek and modern with all-black housing and compact form, the LoPRO™ takes up minimal counter space and at less than 2.4" H, it discreetly rests beneath induction-ready vessels without overshadowing what's most important, the food.

### **Premium Durability & Control**

High-grade polymer housing and the thickest, tempered glass top in the market, LED touch controls, and an illuminated lock button.

### **Industry-leading Performance**

With exclusive SmartScan technology, the LoPRO™ effortlessly packs industry-leading induction technology into a slimline design - Automatic Pan Recovery, Advanced pan size and pan type recognition, over/under voltage protection.

### **300W LoPRO Range, Hold-Only**

SKU: SM-300LP

### **1800W LoPRO Cook/ Hold Range**

SKU: SM-1800LP

### **1800W LoPRO Light Cook/ Hold Double Range**

SKU: SM-1800LP-D
