BLENDER

A. Inner measuring cup

Removable for quick addition of ingredients.

B. High performance lid

Withstands high velocity tasks, and is designed to vent steam and prevent splatter.

C. 2 x 68 fl oz (2L) BPA-Free* jug

Impact resistant, shatter proof and dishwasher safe. Two jugs are included for optimal workflow.

D. Extra-wide, heavy duty blade and bowl system

Designed with 4 powerful stainless steel blades contoured to the base of the jug for maximum cutting power and processing results including liquid-free processing.

E. Heavy duty metal coupling

For durable and long lasting performance under demanding conditions.

F. Heavy duty 1800W motor

High velocity power combined with high torque for outstanding results.

G. LCD indicator with timer

Counts down for pre-programmed settings, and counts up for speed dial settings.

H. Durable base

I. 5 preset programs

Optimize the blender's capabilities for crushing ice, smoothies, stir, boost and A Bit More™.

J. Overload protection

Resettable thermal fuse for motor protection.

K. Manual speed control

Wide speed range from super slow stir up to high speed milling for precise control.

ACCESSORIES

L. Scraper

Designed to push food down from the walls, or for easily removing ingredients after blending. Always use scraper with the blender lid on (inner cap removed).

M. Tamper

Helps make frozen desserts, nut butters and dips by pushing thick foods directly into the blades. Always use tamper with the blender lid on (inner cap removed).

N. 68 fl oz (2L) BPA-Free* jug

Impact resistant, shatter proof and dishwasher safe.

COPOLYESTER MATERIAL

This blender jug is made with copolyester, which is a tough, BPA - Free polymer used to make housewares products that can stand up to extreme use and repeated dishwasher cleaning. Products made from copolyester are impact resistant and shatter resistant and stay clear and durable even after hundreds of cycles in the dishwasher.

** Breville | Commercial makes its BPA Free claim for this product based on independent laboratory testing performed for all the food contact plastic materials of the product per EU Commission Regulation No 10/2011. BPA Free Material is used in all parts that come into contact with food.*
